Shelf Disclosure Document (Information Memorandum) No: IHFC/FY20/NCD/2/Dec dated December 21, 2019 as per the requirements of the provisions of Companies Act, 2013 and rules thereunder (as applicable) and Schedule I of SEBI (Issue and Listing of Debt Securities) Regulations, 2008 and amendments thereto, for Private Placement of Unsecured Rated Redeemable Senior Bonds in the nature of Debentures (NCDs) for an aggregate value of upto ₹ 26.00 billion to be issued in various tranches based on the terms finalised by the issuer at the time of issuance. The bonds of face value ₹ 5,00,000 each with a minimum subscription of ₹ 10.0 million or above per investor, would be issued at par/discount/premium to face value with an option of coupon payment/Zero coupon structure (Discount to Par/Par to Premium) as the terms of each issue may be finalised and communicated to the designated exchange by the issuer, before opening of the issue from time to time.

NOTE:

The bonds being issued under purview of current document are fully paid/partly paid unsecured redeemable senior bonds in the nature of debentures (NCDs) and the Company hereby undertakes that it shall not create any security on receivables of the Company that are equivalent in value to the total outstanding NCDs raised under the proposed IMs. This restriction shall not be applicable to: (i) any charge on the Receivables already in existence as on the date of filing the IM, (ii) any charge created on Receivables with prior written consent of the Trustee. The NCDs will rank pari passu with all other existing unsecured and unsubordinated borrowings of the issuer.

The Board of Directors at its meeting dated April 30, 2019 has approved mobilising resources upto ₹ 120.00 billion for the year, of which ₹ 50.00 billion is proposed to be borrowed through issuance of NCDs. The shareholders of the Company at their meeting held on June 3, 2019 have approved aforesaid issuance of bonds for upto ₹ 50.00 billion during the period of one year from the date of passing the resolution. Further, the Board of Directors at its meeting held on October 18, 2019 revalidated the unutilized limit of ₹ 47.78 billion under the aforesaid approval. The said resolution was passed in compliance with provisions of Companies Act, 2013. The proposed issue forms part of the above approved limits.

So long as the terms & conditions of the existing securities (under the respective issues) in the ISIN are not revised (i) otherwise than as may be required/permitted by regulations; or (ii) which results in breach of or violation of the regulation, which specifically precludes such revision, the Issuer reserves the rights entitled to add additional securities (for such additional amounts as may be issued by the Company from time to time) to the existing ISIN from time to time with terms & conditions, which may be different

from the existing securities under the respective issues under same ISIN. Such additional securities & their terms may be such as are permitted by regulation or not specifically precluded by regulations from time to time.

By signing the application form and making an application to subscribe to the securities to be issued by the Issuer, all subscribers of the securities in this ISIN & any of the subsequent holders who have acquired the said securities in the secondary market shall be deemed to have irrevocably given their consent to the Issuer to add such additional securities (for such additional amounts as may be issued by the Company from time to time) to the existing ISIN from time to time with terms, which may be different from the terms of securities under respective issues existing under the said ISIN.

GENERAL RISKS: For taking an investment decision, the investors must rely on their own examination of ICICI Home Finance Company Limited (the "Issuer") and the Issue including the risks involved. The NCDs have not been recommended or approved by Securities and Exchange Board of India ("SEBI") nor does SEBI guarantee the accuracy or adequacy of this document. The external and internal risk factors that may impact the business of the issuer are detailed in section 1 (f) "Management's perception of risk factors" of this Information Memorandum.

B. Date of incorporation of the Issuer

Issuer was incorporated on May 28, 1999.

C. Business carried on by the Issuer and its subsidiaries and details of branches or units, if any

i. Brief History

Issuer is a deposit taking housing finance company registered with National Housing Bank (NHB). The Issuer is a wholly owned subsidiary of ICICI Bank Ltd.

Issuer was incorporated on May 28, 1999, as a wholly owned subsidiary of erstwhile ICICI Personal Financial Services Limited. Issuer obtained its certificate of commencement of business on July 9, 1999. Subsequently, it became a wholly owned subsidiary of the erstwhile ICICI Ltd. with effect from November 22, 1999. Following the merger of erstwhile ICICI Ltd. with ICICI Bank Ltd., Issuer became a wholly owned subsidiary of ICICI Bank Ltd. The Issuer does not have any subsidiary as on the date of filing the Shelf disclosure document.

ii. Overview

The Issuer's business activities consist of primarily housing finance including other retail loans and mortgage loans to customers, corporate loans to real estate developers and other lending businesses, distribution of third party products and fee-based products and services.

Long-term mortgage loans to individuals and corporations and construction finance to builders are secured by a mortgage of the property. Housing loans are extended for maturities generally ranging from five to twenty years and a large proportion of these loans are at floating rates of interest. This reduces the interest rate risk of the Issuer. Any change in the benchmark rate to which the rate of interest on the home loan is referenced is effected on to the borrower on the first day of the succeeding quarter or the succeeding month, as applicable. Any decrease in the rate of interest payable on floating rate home loans is generally effected by an acceleration of the repayment schedule, keeping the monthly installment amount unchanged. Any increase in the rate of interest payable on floating rate home loans is effected by either a prolongation of the repayment schedule, keeping the monthly installment amount unchanged or by changing the monthly installment amount based on certain approved criteria.

Issuer provides finance for purchase of homes and consultancy services for real estate businesses. It acts as a facilitator for retail customers, both prospective buyers and sellers. As part of the corporate property services, Issuer acts as a real estate consultant to developers and corporate clients providing customized real estate solutions to meet specific client requirements, for example, rent securitisation, joint venture structuring, sale and lease back transactions and investments and research.

The Issuer also offers specialized service of real estate valuation. The team comprises of civil engineers, graduates / post graduates with in-depth knowledge & experience in construction and valuation industry.

Product / Service Offering

Products offered to customers in the retail housing loan sector include:

Home Loans - Home Loans are given for acquisition or construction or extension of residential property and purchase of land and construction thereon to all categories of borrowers. The loans are extended for under construction or ready for possession or resale properties. The residential property is taken as the security for the loan by creating a charge by way of mortgage.

Home Improvement Loans - Home Improvement Loans are extended for the purpose of painting, tiling and flooring, grills and windows, plumbing and sanitary work, structural changes, external repairs, water proofing, boundary wall construction, construction of underground or overhead tanks etc. The property on which the improvement work is to be done is taken as the security for the loan by creating a charge by way of mortgage.

Home Equity Loans - Home Equity Loans are given against residential and commercial properties. The loan can be utilized for the purpose of business, education, marriage, medical treatment and other personal needs. An end use letter is taken from the customer specifying the final use of the borrowed funds. The property is taken as security for the loan by creating a charge by way of mortgage.

Office Premises Loans - Office Premises loans are extended for the purpose of purchase, construction, extension, improvement of an office, shop, clinic or nursing home. The commercial property is taken as the security for the loan by creating a charge by way of mortgage.

Loan to NRI - Loans are given to non-resident Indians for acquisition/construction of a residential property, purchase of land and construction thereon for residential purpose and home improvement loan. The property is taken as the security for the loan by creating a charge by way of mortgage.

Corporate finance for real estate requirements is extended based on the financial strength of the borrowing entity. The product line for the non-retail segment for real estate financing includes construction finance and lease rental discounting. Construction finance is given to developers or builders for project acquisition and construction costs. Lease rental discounting facility is given to corporates to unlock the value from leased premises.

Real Estate Transaction Services and Consulting

Home Search - Home Search division of Issuer acts as the facilitator for retail customers, to buy, sell and / or lease residential properties. Issuer acts as the intermediary between prospective buyers and sellers or owners and prospective tenants. The division will also act as loan referral partner for ICICI Bank.

Corporate Property Services - The corporate property services is primarily a real estate transaction services business of Issuer. It provides Transaction services in various segments including:

- Sale and leasing services for commercial, retail and industrial space.
- Investment consulting services for clients through financial analysis of investment deals, offering possible investment opportunities based on the quantum to be invested, analysing investment horizon and expected returns, providing report on future outlook on prices, government incentives, growth potential, supply and demand situation and conducting due diligence and negotiations.

- Facilitating rent securitization to meet the financial needs of clients and helping in securitizing their cash flows from the rentals.
- Conducting market research studies, feasibility studies, and portfolio strategy for real estate holdings to gauge the future of real estate demand and facilitate corporates in real estate decision-making.
- With more and more developers keen on participating in Joint Ventures with other clients, Issuer would map the requirements of both the sides in structuring a deal, which would be of the mutual benefit to both the groups.

Asset Valuation Team (AV) – The AV team facilitates the business mortgage group providing them with the fair market value of the properties ensuring that the properties which are taken as security are adequate and thus avoid errors due to over valuation. Host of services offered by them are as follows:

- Valuation of the property across key markets
- Monitoring Funded Properties

F. Management's perception of risk factors:

Prospective investors should carefully consider the risks described below, in addition to the other information contained in this Shelf Information Memorandum before making any investment decision relating to the Bonds. The occurrence of any of the following events could have a material adverse effect on our business operations, financial results and prospects. Prior to making an investment decision, prospective investors should carefully consider all the information contained in this Information Memorandum, including financial statements prepared in accordance with applicable laws and included as Annexure 4.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein.

i. External factors

A prolonged slowdown in economic growth or elevated level of interest rates may impact our business

Economic growth in India is influenced by several factors, including inflation, interest rates, government policies, and external trade and capital flows. A prolonged slowdown in the Indian economy could adversely affect our business and borrowers. The scenario may lead to a situation of defaults and put pressure on asset quality. In such situation, the prolonged elevated level of interest rates coupled with increasing non-performing assets may impact the Issuer's cost of funds and in turn the net interest margin.

Our business is very competitive and our strategy depends on our ability to respond to regulatory changes across financial sector and compete effectively.

Within the mortgage finance market, we face intense competition from commercial banks, mortgage finance companies and other non-banking finance companies including new entrants.

Any volatility in housing or real estate prices may have an adverse impact on our business and our growth strategy.

We are primarily engaged in the business of housing finance, and as such are exposed to the effects of volatility in housing and real estate prices. Any sudden or sharp movement in housing prices may adversely affect the demand for housing and housing finance and the quality of our portfolio which may have an adverse impact on our business and growth strategy.

The enhanced supervisory and compliance environment in the financial sector increases the risk of regulatory action.

The laws and regulations or the regulatory or enforcement environment in India may change at any time and may have an adverse effect on the products or services we offer, the value of our assets or of the collateral available for our loans or our business in general.

Regulatory authorities from time to time have instituted several changes in regulations applicable to housing finance companies, including changes in risk-weights on certain categories of loans for computation of capital adequacy, changes in general provisioning requirements for various categories of assets and change in capital requirements. Similar changes in future could have an adverse impact on our growth, capital adequacy and profitability.

In addition to be regulated as a housing finance company, being a wholly owned subsidiary of a banking entity we are subject to a variety of banking, and financial services laws, regulations and regulatory policies and a large number of regulatory and enforcement authorities. Since the global financial crisis, regulators in India have intensified their review, supervision and scrutiny of many financial institutions viewing them as presenting a higher risk profile than in the past, in a range of areas. This increased review and scrutiny or any changes in the existing regulatory supervision framework, increases the possibility that we will face adverse legal or regulatory impact. Regulators may have qualifications/ reservations on compliance status of company with applicable laws, regulations, accounting norms or regulatory policies, or with their interpretations of such laws, regulations or regulatory policies, and may take formal or informal actions against us. Despite our best efforts to comply with all applicable regulations, there are a number of risks that cannot be completely controlled.

We cannot predict the timing or form of any current or future regulatory or law enforcement initiatives, which are increasingly common for international banks and financial institutions, but we would expect to cooperate with any such regulatory investigation or proceeding.

Natural calamities and climate change could adversely affect the Indian economy and our business.

India has experienced natural calamities like earthquakes, floods and drought in the past. The extent and severity of these natural disasters determine their impact on the Indian economy, and our operations.

ii. Internal Factors:

We are subject to credit, market and liquidity risk which may have an adverse effect on our credit ratings and our cost of funds.

To the extent any of the instruments and strategies we use to hedge or otherwise manage our exposure to market or credit risk are not effective, we may not be able to effectively mitigate our risk exposures in particular market environments or against particular types of risk. Our balance sheet growth will be dependent upon economic conditions, as well as upon our determination to securitize, sell, purchase or syndicate particular loans or loan portfolios.

Our earnings are dependent upon the effectiveness of our management of migrations in credit quality and risk concentrations, the accuracy of our valuation models and our critical accounting estimates and the adequacy of our allowances for loan losses. To the extent our assessments, assumptions or estimates prove inaccurate or not predictive of actual results, we could suffer higher than anticipated losses. The successful management of credit, market and operational risk is an important consideration in managing our liquidity risk because it affects the evaluation of our credit ratings by rating agencies. Rating agencies may reduce or indicate their intention to reduce the ratings at any time. The rating agencies can also decide to withdraw their ratings altogether, which may have the same effect as a downgrade in our ratings. Any downgrade in our ratings (or withdrawal of ratings) may increase our borrowing costs, limit our access to capital markets and adversely affect our ability to sell or market our products, engage in business transactions, particularly longer-term or retain our customers. This, in turn, could reduce our liquidity and negatively impact our operating results and financial condition.

The value of our collateral may decrease or we may experience delays in enforcing our collateral when borrowers default on their obligations to us, which may result in failure to recover the expected value of collateral security exposing us to a potential loss.

All our loans to retail customers and corporates are secured primarily by real estate assets. Changes in real estate prices may cause the value of the security provided to us to decline and we may not be able to realize the full value of the security as a result of delays in foreclosure proceedings and bankruptcy, defects or deficiencies in the perfection of the security (including due to inability to obtain approvals that may be required from various persons, agencies or authorities), fraudulent transfers by borrowers and other factors, including current legislative provisions or changes thereto and past or future judicial pronouncements. Failure to recover the expected value of the security could expose us to potential losses, which could adversely affect our business.

Further deterioration of our non-performing asset portfolio and an inability to improve our provisioning coverage as a percentage of gross non-performing assets could adversely affect our business.

Although we believe that our total provisions will be adequate to cover all known losses in our asset portfolio, there can be no assurance that there will be no deterioration in the provisioning coverage as a percentage of gross non-performing assets or otherwise or that the percentage of non-performing assets that we will be able to recover will be similar to our past experience of recoveries of non-performing assets. In the event of any further deterioration in our non-performing asset portfolio, there could be an adverse impact on our business and our future financial performance.

Fraud and significant security breaches in our computer system and network infrastructure could adversely impact our business.

Our business operations are based on a high volume of transactions. Although we take adequate measures to safeguard against system-related and other fraud, there can be no assurance that we would be able to prevent fraud. Our reputation could be adversely affected by fraud committed by employees, customers or outsiders. Physical or electronic break-ins, security breaches, other disruptive problems caused by our increased use of the Internet or power disruptions could also affect the security of information stored in and transmitted through our computer systems and network infrastructure. Although we have implemented security technology and operational procedures to prevent such occurrences, there can be no assurance that these security measures will be successful. A significant failure in security measures could have a material adverse effect on our business.

System failures could adversely impact our business.

Given the nature of business, retail products and services, the importance of systems technology to our business is very significant. Any failure in our systems could significantly affect our operations and the quality of our customer service and could result in business and financial losses. As a mitigation tool we have in place the Business Continuity Plan to address / minimize the impact of loss due to system failures, however minimal impact cannot be ruled out.

We depend on the accuracy and completeness of information about customers and counterparties.

In deciding whether to extend credit or enter into other transactions with customers and counterparties, we may rely on information furnished to us by or on behalf of customers and counterparties, including financial statements and other financial information. Unlike several developed economies, a nationwide credit bureau has become operational in India only recently. This may affect the quality of information available to us about the credit history of our borrowers, especially individual borrowers, which is a major part of our lending. We may also rely on certain representations as to the accuracy and completeness of that information and, with respect to financial statements, on reports of independent auditors. For example, in deciding whether to extend credit, we may assume that a customer's audited financial statements conform with generally accepted accounting principles and present fairly, in all material respects, the financial condition, results of operations and cash flows of the customer. Our financial condition and results of operations could be negatively affected by relying on financial statements that do not comply with generally accepted accounting principles or other information that is materially misleading.

Any inability to attract and retain talented professionals may adversely impact our business.

Our business is growing with both product line expansion and geographic expansion. This is happening at the same time as a developing shortage of skilled management talent both at the highest levels and among middle management and young professionals in India due to the rapid growth and globalization of the Indian economy. Our continued success depends in part on the continued service of key members of our management team and our ability to continue to attract, train, motivate and retain highly qualified professionals is a key element of our strategy and we believe it to be a significant source of competitive advantage. The successful implementation of our growth strategy depends on the availability of skilled management. If we fail to staff our operations appropriately, or lose one or more of our key senior executives or qualified young professionals and fail to replace them in a satisfactory and timely manner, our business, financial condition and results of operations, including our control and operational risks, may be adversely affected. Likewise, if we fail to attract and appropriately train, motivate and retain young professionals or other talent, our business may likewise be affected. Our inability to attract and retain talented professionals or the loss of key management personnel could have an adverse impact on our business.

Negative publicity could damage our reputation and adversely impact our business and financial results.

Reputation risk, or the risk to our business, earnings and capital from negative publicity, is inherent in our business. The reputation of the financial services industry in general has been closely monitored as a result of the financial crisis and other matters affecting the financial services industry. Negative public opinion about the financial services industry generally or us specifically or our parent company could adversely affect our ability to keep and attract customers, and expose us to litigation and regulatory action. Negative publicity can result from our actual or alleged conduct in any number of activities, including lending practices and specific credit exposures, corporate governance, regulatory compliance, mergers and acquisitions, and related disclosure, sharing or inadequate protection of customer information, and actions taken by government, regulators and community organizations in response to that conduct. We are also exposed to the risk of litigation by customers across our businesses.

The Companies Act, 2013 has effected significant changes to the existing Indian company law framework, which may subject us to higher compliance requirements and increase our compliance costs.

The Companies Act, 2013 has brought into effect significant changes to the Indian company law framework, such as in the provisions related to issue of capital, disclosures, corporate governance norms, audit matters, and related party transactions. Further, the Companies Act, 2013 has also introduced additional requirements which do not have corresponding equivalents under the Companies Act, 1956, including the introduction of a provision allowing the initiation of class action suits in India against companies by shareholders or depositors, a restriction on investment by an Indian company through more than two layers of subsidiary investment companies (subject to certain permitted exceptions), and prohibitions on advances to directors. Further, the Companies Act, 2013 imposes greater monetary and other liability on our company, our directors and officers in default, for any non-compliance. To ensure compliance with the requirements of the Companies Act, 2013, we may need to allocate additional resources, which may increase our regulatory compliance costs and divert management attention.

We may face challenges in anticipating the changes required by, interpreting and complying with such provisions due to limited jurisprudence on them. In the event, our interpretation of such provisions of the Companies Act, 2013 differs from, or contradicts with, any judicial pronouncements or clarifications issued by the Government in the future, we may face regulatory actions or we may be required to undertake remedial steps. Additionally, some of the provisions of the Companies Act, 2013 overlap with other existing laws and regulations, (such as the corporate governance norms and insider trading regulations). We may face difficulties in complying with any such overlapping requirements. Any increase in our compliance requirements or in our compliance costs may have an adverse effect on our business and results of operations.

We are involved in various litigations. Any final judgment awarding material damages against us could have a material adverse impact on our future financial performance.

We are often involved in litigations for a variety of reasons, which generally arise because we seek to recover our dues from borrowers or because customers seek claims against us. The majority of these cases arise in the normal course of business and we believe, based on the facts of the cases and consultation with counsel, that these cases generally do not involve the risk of a material adverse impact on our financial performance.

NCDs are subject to taxation requirements

Potential purchasers and sellers of the NCDs should be aware that they may be required to pay taxes in accordance with the laws and practices of India. Further, in certain cases, Issuer may be required to make tax deductions in respect of any payments.

It is not possible to predict the precise tax treatment which will apply at any given time and independent tax advisers should be consulted for tax incidence.

Fines and Penalties

1. In November 2017, an overseas regulator imposed a composition sum of approximately USD 0.59 million for non-adherence of rules under AML regulations at one of ICICI Bank's overseas branches, resulting from regulatory inspection conducted in 2013 and pursuant to consultant's review of records, relating to the period of May 2012 to April 2014. There were no dealings with sanctioned entities and the remediation primarily required improvement to the branch's AML/CFT controls, which has since been undertaken. The local regulator in that jurisdiction has also acknowledged the efforts undertaken by the branch in addressing the issues identified in these reports.
2. As mentioned by RBI in its press release dated March 29, 2018, RBI has through an order dated March 26, 2018, imposed a monetary penalty of Rs. 589.0 million on ICICI Bank for non-compliance with directions/guidelines issued by RBI. This penalty has been imposed in exercise of powers vested in RBI under the provisions of Section 47A (1) (c) read with Section 46(4)(i) of the Banking Regulation Act, 1949. The Bank has paid the penalty to RBI on April 9, 2018.
3. The Reserve Bank of India (RBI), in exercise of powers conferred under section 47(A)(1)(c) read with Section 46(4)(i) of the Banking Regulation Act, 1949, levied an aggregate penalty of ₹ 10 million vide its order dated February 25, 2019. The penalty has been levied for delay in compliance to RBI's directives on "Time-bound implementation & strengthening of SWIFT related controls."

Other matters

1. A penalty of Rs. 1.4 million was imposed on the Bank in February 2015 by the Financial Intelligence Unit, India (FIU-IND). The Bank has filed an appeal against the penalty, which was imposed for failure in reporting of the attempted suspicious transactions pertaining to media sting incidents. In June 2017, the Appellate Tribunal ruled that the penalty was not sustainable. The Tribunal asked the appellant banks to be careful and report such matters in future.
2. ICICI Bank Limited & ex-Compliance Officer had received a Notice from SEBI on July 31, 2018 under Rule 4(1) of SCR (Procedure for Holding Inquiry and imposing penalties by Adjudicating Officer) Rules 2005 requiring responses on matters relating to alleged non-compliance with certain provisions of the erstwhile Listing Agreement with respect to delayed disclosure of an agreement relating to merger of the erstwhile Bank of Rajasthan with the Bank. The Bank has sought inspection of documents from SEBI on August 20, 2018. With permission from SEBI on August 2, 2019, inspection of relied upon documents was carried out by Bank officials on August 7, 2019. Response to the Show Cause Notice on behalf of ICICI Bank and ex-Compliance Officer was submitted on August 23, 2019 and a personal hearing was carried out by SEBI on August 29, 2019. Subsequently, SEBI Adjudicating Officer has issued an order on September 12, 2019, imposing a penalty of rupees 0.5 million each (totaling to rupees 1.0 million) under Section 15 HB of SEBI Act and Section 23E of Securities Contract (Regulation) Act (SCRA) on the Bank and rupees 0.2 million under Section 15HB of SEBI act on the ex-compliance officer.

The Bank has filed an appeal against SEBI's Order with Securities Appellate Tribunal (SAT) on October 24, 2019.

3. Erstwhile Bank of Madura had granted lease finance to M/s. ORJ Electronic Oxides Ltd (the "Borrower") for import of capital goods from USA. Upon investigations by the Customs department, it was detected that machinery manufactured in India were exported and then re-imported in same container with higher value. As ICICI Bank under the aforesaid lease finance was the importer, a customs duty and penalty was imposed under the Customs Act, 1962 on ICICI Bank and the Borrower. Issues of mis-declaration of value and violation of the Customs Act, 1962 resulted in a demand of ₹ 128.6 million and penalty of ₹ 50.0 million. On appeal the penalty was reduced to ₹ 1.0 million. The matter was re-adjudicated and duty was re-worked to ₹ 3.1 million. ICICI Bank filed an appeal before the Madras High Court on the aforesaid duty and penalty imposed and conditional stay was allowed vide interim order subject to deposit of Rs.1.5 million being placed by ICICI Bank, which was duly complied with and interim order of stay was granted and is still valid and existing. The appeal is yet to be listed for arguments since. The matter is currently pending.
4. The Reserve Bank of India had initiated an inspection on know your customer/anti-money laundering aspects across various banks including ICICI Bank. Based on the inspection, the Reserve Bank of India sought explanations on certain matters in April 2016. ICICI Bank responded to the explanation and the Reserve Bank of India has accepted the Bank's responses in the matter.
5. ICICI Bank received a show cause notice from RBI dated April 25, 2018 under Section 11 of Foreign Exchange Management Act, 1999 relating to contravention of directions issued by Reserve Bank of India (RBI) in respect of follow-up with exporters and reporting of export realization. The Bank submitted a detailed response to the said show cause notice specifying the efforts taken by the Bank. Taking into cognizance of efforts made by the Bank, no monetary penalty has been imposed by RBI.
6. RBI had conducted a scrutiny in respect of two customers at our Dehradun Road, Roorkee and Vivekananda Road, Kolkata branch during 2009. Subsequently, they issued a show cause notice and sought an explanation on KYC/AML aspects related to said matter in April 2010. The Bank had responded to RBI on April 28, 2010, giving a point-wise reply highlighting that it had acted in compliance with the extant RBI guidelines in respect of the same. The Bank had also suitably represented the matter to RBI in October 2010. No further communication has been received on this matter by the Bank from RBI till date.
7. The Bank had received a show cause notice from the RBI dated January 6, 2011 for violation of Foreign Exchange Management Act, 1999 - Section 11 (3) pertaining to operations of vostro accounts of banks based in Nepal and Bhutan. The said notice was sent by the RBI pursuant to the Bank's letters dated October 26, 2009 and December 16, 2009. RBI has called upon the explanations from the Bank vide their notice dated January 6, 2011. Bank has responded to RBI on January 25, 2011, requesting to condone the matters relating to operations of the vostro accounts of banks based in Nepal and Bhutan as the discrepancies were detected by the Bank and was promptly brought to the notice of RBI. The Bank also requested RBI to provide a personal hearing to explain and clarify its position. Subsequently, the Bank had a personal hearing with the Chief General Manager of RBI on February 25, 2011. No further response received from RBI on this matter.
8. In December 2017, the Bank received three notices from Unique Identification Authority of India for non-compliance of guidelines under Aadhaar (Authentication) Regulations, 2016. The key non-compliance stated in the notices included obtaining universal consent from customers for use of Aadhaar details of customers to authenticate the customer with Unique Identification

Authority of India in respect of all products and services offered by its Group companies even if these products and services are not availed/intended to be availed by the customers, sharing of Aadhaar details between the Bank and the group companies, over-writing of customers' previous bank account with ICICI Bank which results in transfer of various Aadhaar linked subsidies to the customer's account with the Bank, and non-conformity with standard application programming interfaces and specifications laid down by Unique Identification Authority of India and Aadhaar (Authentication) Regulations, 2016. The Bank has since responded to the notices and is awaiting further communication from Unique Identification Authority of India in this regard.

9. In April 2019, Directorate of Enforcement (ED) has issued 6 show cause notices against AD -II Bank, ICICI Bank and other banks on violation of certain sections of FEMA Act. As per notice, AD-II Banks along with ICICI and other banks have entered into transactions of foreign exchange i.e. sale of forex travel cards to passengers under violation of Section 3(a), 10(4), 10(5), 10(6), 13(1) & 42 of FEMA Act, Regulation 6 of FEMA (Realization, Repatriation and surrender of foreign exchange) and Customer Identification procedures for sale of foreign exchange as per RBI KYC circular dated 27.11.2009, 24.09.2012 & 15.11.2012 issued to Authorized persons. The detail of documents reviewed by ED has been obtained by the Bank and the Bank has responded to the show cause notices.
10. Bank has received a show cause notice from Financial Intelligence Unit-India (FIU-IND) dated July 22, 2019 u/s 13 of Prevention of Money Laundering Act (PMLA), 2002 for deficiencies in respect of Cross Border Wire Transfer Reports (CBWTR) filed by the Bank. We understand that similar notices have been received by several other banks in India. Bank responded to the notice subsequent to which FIU-IND has directed the Bank to review and re-file the reports where deficiencies are observed.
11. ICICI Bank Limited & its ex-Managing Director & CEO had received a Notice from SEBI on May 24, 2018 under Rule 4(1) of SCR (Procedure for Holding Inquiry and imposing penalties by Adjudicating Officer) Rules 2005 requiring responses on matters relating to alleged non-compliance with certain provisions of the erstwhile Listing Agreement and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Bank has submitted its reply to SEBI on August 23, 2018. Thereafter, personal hearing was held at SEBI on the said notice on October 16, 2018 and supplements to the earlier notice was submitted on October 31, 2018, January 10, 2019, February 1, 2019, February 22, 2019, February 27, 2019 & March 6, 2019.
12. Excise Duty Proceedings: Borrowers like Bannari Amman Sugars Ltd., Triveni Engineering Co. Ltd. and Balarampur Chini Mills Ltd., have been alleged to have evaded excise duty in respect of equipment purchased under an ADB /World Bank Scheme funded by the Bank. Penalty was imposed on the Bank in respect of these machinery purchased. Presently stay has been obtained on the penalty imposed and the appeals are pending before CESTAT New Delhi.
13. Customs Duty Proceedings: Penalties were imposed on ICICI Bank for alleged customs duty evasion by its borrowers Jaypee Cement Ltd., Rashtriya Chemicals & Fertilizers Ltd., Madras Aluminium Co. Ltd., Jindal Steel & Power Ltd. and Triveni Engineering Co. Ltd., in respect of equipment imported under ADB line of credit and funded by the Bank. All matters are presently under appeal before various forum.
14. Customs Duty on Gold Coins: In 2008, ICICI Bank was alleged to have imported gold coins for a Borrower M/s. Gold Quest International Private Ltd., under a wrong classification and hence differential customs duty of ₹ 252.8 million and penalty of ₹ 25.0 million has been imposed. An appeal had been preferred before the CESTAT, Chennai and a stay order has been passed on

the aforesaid demand. The appeal was allowed. No proceedings are pending presently. Gold Quest is in the process of obtaining refund of the differential customs duty paid under protest.

15. The Bank became aware in March 2018 of an anonymous whistleblower complaint alleging incorrect asset classifications stemming from claimed irregular transactions in borrower accounts, incorrect accounting of interest income and non-performing asset recoveries as fees, and overvaluation of collateral securing corporate loans. The allegations related to fiscal 2016 and earlier. The Bank conducted an internal enquiry of these allegations under its Whistle Blower Policy, which was carried out by the Head of the Internal Audit Group and supervised directly by the Audit Committee, without the involvement of any other member of the Bank's senior management. The enquiry resulted in an Interim Report that was reviewed in detail by the Audit Committee and was disclosed to the statutory auditors before the finalization of the accounts for the year ended March 31, 2018 and has been submitted to the Reserve Bank of India. In certain loan accounts, transactions were observed that may have delayed the classification of the account as non-performing in earlier years. Therefore, the Audit Committee of the Board directed the Bank to review certain additional accounts for any similar irregular transactions as alleged in the complaint. Based on the Interim Report and review undertaken for additional loan accounts, the Bank concluded that the likely impact of these allegations was not material to the financial statements for the year ended March 31, 2018 or earlier periods included in that annual report. The Bank has, since April 2016, implemented enhanced internal controls, relating to review of loan accounts which satisfy certain threshold parameters, primarily relating to size, credit rating and days-past-due, for identification of non-performing assets. Since then, the Bank has received some additional information relating to these matters. The Bank has assessed and concluded that the likely impact of this additional information is not material to the financial statements for the year ended March 31, 2019 or for earlier periods. The Bank, at the direction of the Audit Committee and with the assistance of external counsel, is continuing to investigate all of the allegations, including the additional information. In the event that the Bank or individuals associated with the Bank are found to have violated applicable laws or regulations, the Bank or individuals associated with the Bank could become subject to legal claims and regulatory sanctions that may materially and adversely affect our results of operations, financial condition and reputation.

In addition, as a large and internationally active bank with operations and listing of its equity and debt instruments in multiple jurisdictions, the Bank is regularly engaged with regulators, including the United States Securities and Exchange Commission ("SEC"), on a range of matters, including regarding the above allegations. Even before these allegations, the Bank has been responding to requests for information from the SEC investigatory staff regarding an enquiry relating to the timing and amount of the Bank's loan impairment provisions taken under U.S. GAAP. The Bank evaluates loans for impairment under U.S. GAAP for the purpose of preparing the annual footnote reconciling the Bank's Indian GAAP financial statements to U.S. GAAP. The Bank has voluntarily complied with all requests of the SEC investigatory staff for information and continues to cooperate with the SEC on the matter. In the event that the Bank is found by the SEC to have violated federal securities laws or regulations, the Bank could become subject to legal and regulatory sanctions that may materially and adversely affect our results of operations, financial condition and reputation.

Independent Auditor's Report

To the Board of Directors of ICICI Home Finance Company Limited

Report on the audit of the Annual Financial Results

Opinion

1. We have audited the accompanying annual financial results of ICICI Home Finance Company Limited (hereinafter referred to as the "Company") for the year ended 31 March 2020, attached herewith, being submitted by the Company pursuant to the requirement of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid annual financial results:

- a. are presented in accordance with the requirements of Regulation 52 of the Listing Regulations in this regard; and
- b. give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards, and other accounting principles generally accepted in India, of the net profit and other comprehensive income and other financial information for the year ended 31 March 2020.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Annual Financial Results* section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our opinion on the annual financial results.

B S R & Co. (a partnership firm with
Registration No. BA61223) converted into
B S R & Co. LLP (a Limited Liability Partnership
with LLP Registration No. AAB-8181)
with effect from October 14, 2013

Registered Office:
5th Floor, Lodha Excelus
Apollo Mills Compound
N. M. Joshi Marg, Mahalaxmi
Mumbai - 400 011, India

Emphasis of Matter

3. We draw your attention to the following matters:

- a) As more fully described in Note 5 to the annual financial results, pursuant to the Reserve Bank of India ('RBI') directions on 'COVID-19 Regulatory Package – Asset Classification and Provisioning' issued on 17 April 2020, the Company has granted a three month moratorium and the resultant asset classification benefit on loans and advances to its customers. As at 31 March 2020, for determining the staging of such loans and advances and the corresponding expected credit loss ('ECL') provision, the Company has kept the ageing of such loans and their asset classification standstill during the moratorium period. Further, the underlying forecasts and assumptions applied by the Company in the determination of ECL provision are subject to uncertainties which are often outside of the Company's control. Accordingly, the Company's ECL estimates are inherently uncertain, and as a result, actual results may differ from these estimates.
- b) As more fully described in Note 9 to the annual financial results, an amount of INR 61.2 million represents managerial remuneration paid /provided for the year ended 31 March 2020 in excess of the limits prescribed under section 197 read with Schedule V of the Act. Pursuant to the provisions of the Companies (Amendment) Act, 2017, the remuneration is subject to approval of the shareholders by way of a special resolution, which will be sought by the Company in its ensuing annual general meeting.

Our opinion is not modified in respect of the above matters.

Management's and Board of Directors' Responsibilities for the Annual Financial Results

4. These annual financial results have been prepared on the basis of the annual financial statements.

The Company's Management and the Board of Directors are responsible for the preparation and presentation of these annual financial results that give a true and fair view of the net profit/loss and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 52 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the annual financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the annual financial results, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Annual Financial Results

5. Our objectives are to obtain reasonable assurance about whether the annual financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial results made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial results, including the disclosures, and whether the annual financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Notes

1. The Company is a housing finance company registered with National Housing Bank.
2. The above financial results have been approved by the Board of Directors at its meeting held on May 2, 2020 after review by the Audit and Risk Management Committee. The statutory auditors have issued an unmodified opinion on the unconsolidated financial results for FY2020.
3. Amounts for the six months ended March 31, 2020 and March 31, 2019 and three months ended March 31, 2020 and March 31, 2019, respectively represents the difference between the audited amounts in respect of financial year and the published unaudited amounts of six months ended September 30 2019 and September 30, 2018 and unaudited amounts of nine months ended December 31, 2019 and December 31, 2018 respectively.
4. The Company is engaged in lending business. The Company provides mortgages loans (home loan, loan against properties and construction realty) and is also engaged in mortgage business related other services such as property search services. The Board reviews the Company's performance as a single business. The Company's operates within India. There being only one segment, disclosure for segments is not required.
5. COVID-19, a global pandemic has affected the world economy including India leading to significant decline and volatility in financial markets and decline in economic activities. The Indian economy would be impacted by this pandemic with significant contraction in industrial and services output across small and large businesses. The Company's business is expected to be impacted by lower lending opportunities. The impact of Covid-19 pandemic on Company's results remains uncertain and dependent on spread of Covid-19, further steps taken by the government and the central bank to mitigate the economic impact, steps taken by the Company and the time it takes for economic activities to resume at normal levels as a result of which, actual results may differ. The Company's capital and liquidity position remains strong and would continue to be the focus area for the Company.

In accordance with the Reserve Bank of India guidelines relating to COVID-19 Regulatory Package dated March 27, 2020 and April 17, 2020, the Company is granting a moratorium of three months on the payment of all installments and/or interest, as applicable, falling due between March 1, 2020 and May 31, 2020 to all eligible borrowers as per the Company's policy to other than borrowers already classified as Stage 3 (NPA). For all such accounts where the moratorium is granted, the Company has kept the ageing of such loans and their asset classification standstill during the moratorium period. Further, the underlying forecasts and assumptions applied by the Company in the determination of ECL provision are subject to uncertainties which are often outside of the Company's control and accordingly, actual results may differ from these estimates.

6. Effective April 1, 2019 the Company has adopted Ind AS 116 - Leases, which requires any lease arrangement to be recognised in the balance sheet of the lessee as a 'right-of-use' (ROU) asset with a corresponding lease liability. Accordingly, depreciation has been charged on ROU assets as against lease rental expenses in the earlier years. Similarly, interest expense has been recognised on lease liabilities under finance costs. As permitted by the standard, the Company has opted not to restate the comparatives for the previous period/year. As a result of initial application, the Company recognised ROU assets and lease liability of ₹ 419.8 million at April 1, 2019.

192

The Company recognised depreciation and interest costs of ₹ 103.9 million and ₹ 45.9 million respectively for the year ended March 31, 2020.

7. On September 20, 2019, the President of India promulgated Taxation Laws (Amendment) Ordinance, 2019 (Ordinance) which has introduced a new section 115BAA in the Income Tax Act, 1961, with effect from FY2020, giving an option to the domestic companies to pay income tax at the rate of 25.168% (inclusive of surcharge and cess) under the condition of foregoing certain specified deductions and incentives. Prior to the ordinance, the applicable marginal income tax rate for the Company was 34.944%. The Company has decided to avail of this option of lower tax rate effective from the year ended March 31, 2020 and the provision for income tax for the year has been computed accordingly. Further, the accumulated deferred tax asset at March 31, 2019 has also been re-measured at 25.168%, which has resulted in an additional charge of ₹ 213.3 million in profit and loss account and ₹ 107.9 million in Other Comprehensive Income for year ended March 31, 2020.
8. The Board of Directors at its meeting held on April 30, 2019 recommended a dividend of ₹ 44.1 million (excluding dividend distribution tax), ₹ 0.04 per equity share in respect of year ended March 31, 2019, which was approved by Shareholders on June 3, 2019. The Dividend was paid on June 4, 2019.
9. Managerial Remuneration for the year ended March 31, 2020 was higher by ₹ 61.2 million (including perquisite value of stock option and incentive by parent bank) as compared to limits prescribed under section 197 read with Schedule V to the Companies Act, 2013. The Company is in the process of obtaining shareholder's approval by passing a special resolution in the ensuing general meeting'.

1 crore = 10 million

Refer to annexure for Details of Instruments & Bank Facilities

Note: A prefix of PP-MLD indicates that the instrument is a principal-protected market-linked debenture. The terms of such instruments indicate that, while the issuer promises to pay back the face value/principal of the instrument, their coupon rates will not be fixed, and could be linked to one or more external variables such as commodity prices, equity share prices, indices, or foreign exchange rates. The 'Y' suffix indicates that payments on the rated instrument have significant risks other than credit risk. The terms of the instrument specify that the payments to investors will not be fixed, and could be linked to one or more external variables such as commodity prices, equity indices, or foreign exchange rates. This could result in variability in returns because of adverse movement in the value of the external variables, and/or possible material loss of principal on early redemption of the instrument. The risk of such adverse movement in price / value is not addressed by the rating.

Detailed Rationale

CRISIL has assigned its 'CRISIL AAA/Stable' rating to the Rs 1500 crore non-convertible debentures and Rs 500 crore subordinate debt of ICICI Home Finance Company Limited (ICICI Home). The rating on the existing debt instruments have been reaffirmed at 'CRISIL AAA/FAAA/CRISIL PP-MLD AA+/Stable'.

The rating reflects the expectation of continued strong support from ICICI Home's promoter, ICICI Bank Ltd (ICICI Bank; rated 'CRISIL AAA/CRISIL AA+/Stable'), coupled with ICICI Home's diversified resource profile. These strengths are partially offset by the company's average asset quality and profitability.

The nationwide lockdown (originally till April 14, 2020) declared by the Government of India to contain the spread of the Novel Coronavirus (Covid-19) will have near-term impact on disbursements and collections of financial institutions. The lockdown is now extended till May 3, 2020 and the eventual lifting of restrictions will likely be in a phased manner. Any delay in return to normalcy will exert further pressure on collections and asset quality metrics of companies. Additionally, any change in the behavior of borrowers on payment discipline can affect delinquency levels.

On the liability side, the Reserve Bank of India (RBI) announced regulatory measures under 'Covid-19 - Regulatory Package', whereby lenders were permitted to grant moratorium on bank loans. The recent uncertainty on whether non-banking financial companies (NBFCs) are considered eligible for moratorium has resulted in some delay in decision-making by the lenders. In the absence of moratorium on bank loans, liquidity profile of some NBFCs could come under pressure. CRISIL will continue to monitor the situation closely for all its rated companies.

ICICI Home has not approached its lenders to avail moratorium on their bank borrowings. However, the company has offered moratorium to its borrowers and hence, collections are expected to be impacted till May 31, 2020. Thereafter, low ticket housing segment, wherein ICICI Home primarily operates, could witness challenges in the cash salaried and self-employed segment, whose income streams have been affected by the lockdown. The company has so far witnessed collections during the lockdown period of around 65% in its mortgage financing portfolio.

ICICI Home has sufficient liquidity, to manage this period when collections will be limited but repayments will continue as scheduled. The company's liquidity buffer¹ to cover total debt and loan repayments till June 2020 was over 2.5 times. Further, need-based funding support from the parent is expected to continue.

Analytical Approach

CRISIL has analysed the business and financial risk profiles of ICICI Home and also centrally factors parent, ICICI Bank's, support. This is because, CRISIL believes that ICICI Bank will continue to support to ICICI Home considering the strategic importance of the entity, shared brand name and majority shareholding (currently 100%).

Key Rating Drivers & Detailed Description

Strengths:

*** Expectation of continued strong support from the parent**

ICICI Home is a strategically important subsidiary for ICICI Bank, with presence in products and geographies that complement the bank's offerings. It provides housing loan, loan against property (LAP), lease rental discounting (LRD) and developer financing, and has recently ventured into gold financing. ICICI Bank continues to provide strong strategic and management support to the company, in the form of representation on the board and monitoring of growth strategies and performance. Most of the current senior management of ICICI Home has been drawn from ICICI Bank having vast and well-rounded experience across domains. The parent has been assisting ICICI Home in expansion and scale up of business activities. The company has significantly scaled up its distribution and credit capacities to deepen its presence in individual home loans and LAP. Further, strong parentage enables the company to raise funds at competitive rates.

ICICI Bank holds 100% stake in ICICI Home and is expected to maintain majority share in the company.

*** Diversified resource profile**

Resource profile of ICICI Home is stable and well-diversified. The total borrowings were Rs. 13984 crore as on December 31, 2019, comprising bank borrowings (45% of total borrowing), bonds (12%), external commercial borrowings (ECBs; 14%), commercial paper (6%), fixed deposits (17%) and National Housing Board (NHB; 6%). The company has been successfully tapping the debt markets by raising medium- and long-term debt from several investors at competitive rates. It has been able to raise funds via ECBs and also through NHB refinance. In fiscal 2020, it has also done securitisation transactions of around Rs 2500 crore. Cost of borrowing², at around 9% for the nine months ended December 31, 2019, compares well with peers. Being part of ICICI group also supports the ability to raise resources at competitive rate.

Weaknesses:

*** Average asset quality and profitability**

The asset quality is average, with gross stage 3 assets at 5.2% as on December 31, 2019 (5.4% as on March 31, 2019). Higher delinquencies in the construction finance (CF) portfolio has largely contributed to increase in stage 3 assets during fiscals 2018 and 2019. The company has significantly run down its CF book (4% of loan book as on December 31, 2019) and expects the proportion to remain low. It has also entered into new product segment of gold financing, though this will remain a small constituent of the overall book over the medium term.

Profitability has moderated with return on assets (RoA) of 0.4% for fiscal 2019 and -0.56% for the nine months ended December 31, 2019 (on annualised basis). This was primarily due to increased provisions and investment towards expansion of infrastructure, technology and manpower for scaling up of business. In fiscal 2019, the company significantly scaled up its distribution and credit capacities to deepen presence in individual home loans and LAP loans, which led to elevated operating expenses. In fiscal 2020, apart from high provisions, profitability was also got impacted due to one-time impact of deferred tax assets (DTA) adjustment and loss incurred on consumer durables portfolio.

While focus mainly on retail home loans and LAP, strengthening of credit, risk & collection teams and expectation of resolution in chunky developer loans could improve asset quality. Delinquencies may inch up over the next few quarters on account of Covid-19 impact. This could also lead to continuation of moderate profitability over the near term.

Liquidity Superior

Liquidity position of ICICI Home is superior with cash and cash equivalents, and liquid investments aggregating to Rs 482.70 crore as on April 21, 2020, with further cushion available through unutilised sanctioned bank lines of Rs 1075 crore. This is sufficient to cover the upcoming repayments of Rs 525 crore up till June 30, 2020. With respect to asset liability management position as on September 30, 2019, there are mismatches in some buckets as seen for peers in this sector, though including bank lines the inflows are fairly matched with the outflows on cumulative basis. The company also benefits from the support from ICICI Bank.

Ratings

Outlook: Stable

CRISIL believes ICICI Bank will retain its majority shareholding in ICICI Home, and continue to extend strategic, management, and financial support to the company as and when required. ICICI Home is expected to maintain healthy capitalisation and diversified resource profile over the medium term.

Rating Sensitivity factors

Downward factors:

- * Downward change in the credit risk profile of ICICI Bank by 1 notch could have a similar rating change on ICICI Home
- * Any material change in the shareholding or support philosophy of ICICI Bank
- * Significant deterioration in asset quality, also impacting profitability

About the Company

ICICI Home was incorporated in 1999 and is a wholly-owned subsidiary of ICICI Bank. The entity provides housing loan, LAP and developer financing, and has recently ventured into gold financing. It had a portfolio of Rs 15,832 crore as on December 31, 2019, with housing loans, LAP, and developer finance forming 58%, 38%, and 4%, respectively. Remaining is constituted by loan against shares (being run down) and gold financing. ICICI Home ventured into consumer durable financing in fiscal 2019, however that business has now been discontinued by the Company. It had a network of 138 standalone branches as on December 31, 2019.

The company reported profit after tax (PAT) of Rs 44 crore on total income of Rs 1164 crore for fiscal 2019, as against Rs 106 crore and Rs 955 crore, respectively, for the previous fiscal. For the nine months ended December 31, 2019, the company reported a loss of Rs 64 crore on total income of Rs 1,191 crore (PAT of Rs 47 crore on total income of Rs 815 crore for corresponding period last fiscal).

Dear Mr. Vikrant Gandhi,

Re: CRISIL Rating on the Rs.1500 Crore Non-Convertible Debentures of ICICI Home Finance Company Limited

We refer to your request for a rating for the captioned Non-Convertible Debentures.

CRISIL has, after due consideration, assigned its "CRISIL AAA/Stable" (pronounced as CRISIL triple A rating with Stable outlook) rating to the captioned debt instrument. Instruments with this rating are considered to have the highest degree of safety regarding timely servicing of financial obligations. Such instruments carry lowest credit risk.

For the purpose of issuance of the captioned debt instrument, this letter is valid for 180 calendar days from the date of the letter. In the event of your company not placing the above instrument within this period, or in the event of any change in the size/structure of your proposed issue, the rating shall have to be reviewed and a letter of revalidation shall have to be issued to you. Once the instrument is issued, the above rating is valid throughout the life of the captioned debt instrument.

As per our Rating Agreement, CRISIL would disseminate the rating along with outlook through its publications and other media, and keep the rating along with outlook under surveillance for the life of the instrument. CRISIL reserves the right to withdraw or revise the ratings assigned to the captioned instrument at any time, on the basis of new information, or unavailability of information or other circumstances, which CRISIL believes, may have an impact on the rating.

Subordinated debt programme	207.00	-	[ICRA]AAA(stable); reaffirmed and withdrawn
Total	30,021.20	28,214.20	

Rationale

The ratings continue to derive strength from ICICI Home Finance Company Limited's (ICICI HFC) status as a wholly-owned subsidiary of ICICI Bank (ICICI) (rated [ICRA]AAA(Stable)/[ICRA]A1+) and an integral part of the group. ICRA further draws comfort from ICICI's intention to retain a majority shareholding in ICICI HFC. ICICI would also on need basis and subject to arms' length dealings and regulatory compliance, provide capital and funding to support the operations of ICICI HFC. ICRA expects the parent support to continue, and any material change in the expected support to the company or a change in the credit profile of the parent would be a key rating sensitivity. The ratings continue to factor in the strong funding profile with access to diversified funding sources. The profitability has been modest and ICICI HFC's ability to grow its portfolio will be critical for the utilisation of the expanded capacity and to drive an improvement in its profitability. However, considering the higher leverage, the company will have limited headroom for the on-balance sheet growth of assets and need to rely on asset sell-downs to grow its assets under management (AUM) and improve profitability. During FY2020, ICICI has participated in portfolio purchases from ICICI HFC. ICRA draws comfort from ability of the company to further assign its portfolio to investors, including its parent, to meet its growth plans and any funding requirements. ICRA takes note of the company's weak asset quality as reflected in the gross and net stage 3 of 5.2% and 3.1% respectively as on December 31, 2019 (5.4% and 3.3%, respectively, as on March 31, 2019) largely due to slippages in the construction finance book. Excluding construction finance, the gross and net stage 3 assets are estimated at 2.3% and 1.4% as on December 31, 2019. The company plans to grow its portfolio in the affordable housing and lower ticket size self-employed segments, which would help improve profitability. However, ICICI HFC's ability to maintain the asset quality in these relatively vulnerable segments would be critical.

¹ Includes external commercial borrowings

Key rating drivers and their description

Credit strengths

Strong parentage and brand name; access to diversified sources of funding by virtue of being subsidiary of ICICI Bank – ICICI HFC is a wholly owned subsidiary of ICICI Bank and an integral part of the group. ICRA further draws comfort from ICICI's intention to retain a majority shareholding in ICICI HFC. ICICI would also on-need basis and subject to arms' length dealings and regulatory compliance, provide capital and funding to support the operations of ICICI HFC. The company benefits from ICICI Bank's strong franchise, brand name and the representation of ICICI Bank's senior management on the Board of ICICI HFC.

ICICI HFC also enjoys good financial flexibility by virtue of being a wholly-owned subsidiary of ICICI Bank and has access to funds at competitive rates of interest. The company raising external commercial borrowings (ECBs) in FY2019, the share of bank borrowings including ECBs stood at 59% as on December 31, 2019 with funding from various large public sector and private banks. Apart from bank borrowings, the company has raised funding from bonds (12% of overall borrowings as on December 31, 2019) and from National Housing Board (NHB; 6%). The company has diversified its funding profile with an increase in share of fixed deposits to 17% as on December 31, 2019. As demonstrated by its funding mix from term loans and bonds, ICICI HFC is focused on medium and long-term liabilities with share of commercial papers being low at 6% of total liabilities as on December 31, 2019. The company has also raised sizeable funds by assignment of home loans and LAP portfolio in FY2020 to investors including its parent. ICRA draws comfort from ICICI HFC's ability to further assign its portfolio to investors, including its parent, to meet its growth plans and any funding requirements.

Credit challenges

Ability to securitise loan book critical for utilisation of expanded capacity and profitability given the high leverage – ICICI HFC's loan book has grown significantly in the last two years leading to increase in leverage and decline in capital cushions. Its net AUM stood at Rs. 15,862 crore as on December 31, 2019 as compared to Rs. 9,699 crore as on March 31, 2018. The high growth resulted into an increase in the gearing for the company to 8.9x as on December 31, 2019 as compared to 7.0x as on March 31, 2019 and 4.9 as on March 31, 2018. The company's Tier 1 and capital adequacy ratio stood at 13.70% and 14.43% respectively as on December 31, 2019 compared to 17.21% and 17.98% respectively as on March 31, 2019 (22.44% and 23.84% respectively as on March 31, 2018²). Given high leverage, the company would need to rely on asset sell-down to grow its loan portfolio. ICRA draws comfort from ability of the company to further assign its portfolio to investors, including its parent, to meet its growth plans and any funding requirements. ICICI would also on-need basis and subject to arms' length dealings and regulatory compliance, provide capital and funding to support the operations of ICICI HFC.

Profitability likely to remain subdued – With the increase in gearing, the company's net interest margins declined to 2.3% as % of average managed assets (AMA) in 9MFY2020 from 2.6% in FY2019. Further, with the significant expansion in branches (140 branches opened in FY2019), the operating expenses as percentage of AMA increased to 1.8% (1.6% in FY2019). The cost to income ratio significantly deteriorated to ~71%. Consequently, the operating profitability of the company was subdued at 0.8% of AMA compared to 1.4% in FY2019. The credit costs remained elevated (1.3% of AMA in 9MFY2020 as compared to 0.9% in FY2019) as ICICI HFC increased its coverage on the delinquent construction finance book. Overall, the company reported a net loss of Rs. 64 crore in 9MFY2020 as compared to profit of Rs. 44 crore in FY2019. The profit in 9MFY2020 was also impacted by deferred tax asset (DTA) write-down of Rs. 22 crore. While the NIMs for the company are likely to be positively impacted by the increase in focus on self-employed and affordable

² As per IGAAP

housing segments, ICRA expects the company's profitability to remain subdued in FY2021 (PAT/AMA of less than 1%) on account of the elevated operating expenses. The ability to grow its portfolio thereby resulting into utilisation of existing capacity would be critical to help improve profitability and generate growth capital internally. However, considering the slowdown expected on account of Covid-19, the company's growth is likely to be limited thereby impacting the operating profitability.

Increase in share of high yielding self-employed segment - The company's assets quality as reflected in the gross and net Stage 3 assets was weak at 5.2% and 3.1% respectively as on December 31, 2019 (5.4% and 3.3% as on March 31, 2019). The asset quality was impacted by slippages in the construction finance book. Excluding construction finance, the gross and net stage 3 assets are estimated at 2.3% and 1.4% as on December 31, 2019. The net Stage 3/Tier 1 capital of the company was weak at 31% as on December 31, 2019. With more than 50% of its construction finance book being NPA and decline in share of this book, incremental slippages is expected to be limited though could be lumpy in nature.

ICICI HFC's AUM stood at Rs. 15,862 crore as on December 31, 2019 (Rs. 13,333 crore as on March 31, 2019) with the portfolio being dominated by home loans (59%), followed by LAP (37%) and construction finance (3%). While salaried accounted for 52% of home loan portfolio as on September 30, 2019, the company has been incrementally focussing on increasing its share of affordable home loans (ticket size of less than 20 lakh) and the self-employed segment. Given the relatively riskier borrower profile of the low and assessed income segments, the asset quality indicators could exhibit more volatility and could be prone to event risks. However, the same is likely to support the yields for the company. ICICI HFC's ability to maintain asset quality while growing its book would remain a key factor for profitability.

Liquidity position: Adequate

The company has positive cumulative mismatches in less than 1 year buckets (including sanctioned term loans) while negative in medium term buckets owing to long term nature of assets vis-à-vis its liabilities. The liquidity cushion stood at Rs. 2,624 crore as on March 29, 2020, comprising on-balance sheet liquidity (in the form of cash and cash equivalents and liquid mutual funds) of Rs. 949 crore and undrawn bank lines of Rs. 1,675 crore. The liquidity cushion is sufficient to meet the debt maturities which are due in the next three months. Moreover, ICICI HFC enjoys good financial flexibility by virtue of being a wholly-owned subsidiary of ICICI Bank.

Rating sensitivities

Positive triggers – Not Applicable

Negative triggers – Any material changes in the expected support by ICICI Bank to the company or a change in the credit profile of the parent or the company would be a key rating trigger. The ratings could be downgraded or put on negative outlook in case of a reduction in Tier 1 capital cushions of less than 2% over regulatory requirements on a sustained basis.

Detailed Rationale & Key Rating Drivers

The rating reaffirmation factors in the strong parentage of ICICI Home Finance Company Ltd (IHFC), a wholly-owned subsidiary of ICICI Bank (IBL), the high degree of financial flexibility enjoyed by IHFC by virtue of being IBL's subsidiary as well as its comfortable capitalization levels. The rating takes note of the moderation in profitability and asset quality of IHFC in FY19. Ownership of IBL and continued parent support, in addition to IHFC's ability to maintain profitability, capital adequacy and asset quality are the key rating sensitivities.

Detailed description of the key rating drivers**Key Rating Strengths:****Strong parentage and its support in the form of financial and managerial assistance:**

ICICI Home Finance Company Limited (IHFC) is a wholly owned subsidiary of ICICI Bank Ltd (IBL; rated 'CARE AAA; Stable', 'CARE A1+'), one of the largest private sector banks in India. By virtue of being the wholly owned subsidiary of IBL, the company enjoys high financial flexibility. The rating further derives strength from managerial support extended to IHFC by IBL along with sharing of brand name. Some of the key senior management personnel of IHFC, have previously held key positions at IBL.

Comfortable capitalization and strong resource raising ability:

As on March 31, 2019, the company reported a comfortable CAR and Tier-I Capital of 17.98% and 17.21% respectively. The gearing levels have increased from 4.98x in FY18 (reinstated) to 7.44x in FY19. This is expected to rise further owing to the company's expansion and growth plans. The average cost of borrowings has shown a marginal rise from 8.06% in FY18 (reinstated) to 8.10% in FY19 on the back of tight liquidity scenario faced by NBFCs & HFCs during the second half of FY19. However, the company has been able to raise funds at competitive rates. Last year, it successfully completed an ECB issue of Rs.2000 crore in August, 2018 which was fully drawn by December, 2018.

Liquidity Profile:

The liquidity position as on March 31, 2019 was moderate with positive cumulative mismatches except in 2-3 months and 6m-1 year bucket. IHFC also has unutilized line of credit of Rs.1069 crore from various banks and unutilised rated amounts of bonds and CP. Additionally, it also has overdraft facilities amounting to Rs.149 crore. Further, the liquidity profile of IHFC derives additional strength from its parentage.

Moderation in Profitability

The company reported a y-o-y growth in loan book of 35% with outstanding book ending at Rs.13,026 crore as on March 31, 2019. Disbursements grew by almost 81% y-o-y in FY19. While housing loan continues to occupy major part of outstanding portfolio, LAP also has shown a significant rise. The company also has substantially increased its standalone branches from 6 as on March 31, 2018 to 107 branches (total branch count 156) as on March 31, 2019. Due to increase in no. of branches, employee cost and other administrative expense, the total operating expenses has increased from Rs.107 crore in FY18 to Rs.188 crore in FY19. The NIM has shown a marginal decline and stood at 2.64% in FY19 (FY18:3.05%) primarily because of rise in finance costs. Impairment provision including write-off for FY19 has increased to Rs.106 crore from Rs.52 crore in FY18 mainly due to increase in provision on CRF portfolio. Hence, increase in provisioning and increase in employee cost and administrative expenses on account of opening of new branches led to a decline in PAT from Rs.105.60 crore in FY18 (reinstated as per Ind AS) to Rs.44 crore in FY19. Consequently, ROTA and RONW has shown a decline from 1.08% and 6.56% in FY18 (reinstated) to 0.37% and 2.74% in FY19.

Moderation in Asset Quality

Prior to adoption of IndAS, there was a spike in GNPA and NNPA from 1.73% and 0.74% reported in FY17 to 3.44% and 2.11% reported in FY18 on account of construction finance portfolio (CRF) turning bad. However, after the adoption of IndAS, GNPA and NNPA at March 31, 2018 was 7.50% and 4.90% respectively. This is primarily on account of reclassification of investments in security receipts as part of loans and advances as loan sold earlier in consideration of security receipts are not qualifying for true sale under Ind AS. As on March 31, 2019, GNPA and NNPA stood at 5.43% and 3.34% respectively. Also the Net NPA to Net worth ratio stood at 28.44% (FY18 (reinstated): 12.84%) as on March 31, 2019.

Industry Prospects

Continuation of prevailing tight liquidity scenario in the credit market may impact the overall growth of the sector. The slowdown in the real estate market coupled with elevated refinancing risk for the developers is expected to impact the asset quality of players in the sector. Further, increase in the cost of funds and delinquencies would impact their profitability margins. However, the continuation of long-term trend of robust asset quality of home loans, except for some players who are in the affordable housing segment, is a key positive for the sector. Going ahead, the transmission of increasing funding costs to the borrower base is a key monitorable in the highly competitive scenario. Such a development could lead to high prepayments and compel players to reduce the proportion of prime borrower segment, to compensate for the reduction in margin.

Liquidity Profile: The liquidity position as on March 31, 2019 was moderate with positive cumulative mismatches except in 2-3 months and 6m-1 year bucket. IHFCL also has unutilized line of credit of Rs.1069 crore from various banks and unutilised rated amounts of bonds and CP. Additionally, it also has overdraft facilities amounting to Rs.149 crore. Further, the liquidity profile of IHFCL derives additional strength from its parentage.

Analytical approach: Standalone financial and business profile along with factoring in the strong linkages with its parent, ICICI Bank.

type of bank facilities/instruments. CARE or its subsidiaries/associates may also have other commercial transactions with the entity. In case of partnership/proprietary concerns, the rating/outlook assigned by CARE is, inter-alia, based on the capital deployed by the partners/proprietor and the financial strength of the firm at present. The rating/outlook may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor in addition to the financial performance and other relevant factors. CARE is not responsible for any errors and states that it has no financial liability whatsoever to the users of CARE's rating.

Our ratings do not factor in any rating related trigger clauses as per the terms of the facility/instrument, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and if triggered, the ratings may see volatility and sharp downgrades.
