f. Management's perception of risk factors;

Risk is inherent part of Company's business. Effective Risk management is critical to any Housing Finance Company for achieving financial soundness. LIC HFL is exposed to several risks in the course of their business - credit risk, interest rate risk, liquidity risk and operational risk. LIC HFL's strategy in optimizing business opportunities within the aforesaid constraints and the same is assisted by a robust asset liability management process. The management of LIC HFL formulates its business decisions on a dynamic and integrated risk management system and process, driven by corporate strategy.

Credit Risk:

Credit quality of an obligation refers to the borrower's ability to perform on that obligation. This encompasses both the obligation's default probability and anticipated recovery Rate. The Company adopts scientific techniques for credit evaluation, prescribing exposure limits, portfolio constitution & periodic review of the portfolio. The Company has been following stringent credit assessment process like adoption of the application scoring system(Score card) , Compulsory CIBIL checks, Credit Checks, Legal & technical due diligence etc , to mitigate credit risk. The prudential norms with regard to exposure, credit concentration etc specified by National Housing Bank (NHB) also facilitate in managing and diversifying the credit risk.

Interest Rate Risk & Market Risk:

Every Financial institution has an inherent interest rate risk arising on account of volatility in the Interest rates and also ALM mismatches. The lending rates of the company are linked to floating benchmark rate of the Company which captures the interest rate movements. The liquidity, Interest rate risks & foreign exchange risks are actively managed through various tools such as Asset Liability management, time-bucket analysis, liquidity statements, and forex exposure reports. Being in a competitive sector the company also expose to risk of competition from others market players, however the management believe that by virtue of its strong brand PAN India presents, wide range of product and experience in the sector, the company will be able to compete with other players in the market.

Operations Risk

Operations risk is the risk that deficiencies in internal controls will result in unexpected loss. This risk is associated with human error, system failures and inadequate procedures and controls. The company's strong internal controls and audit processes commensurate with the size of the Company and nature of business. The internal Audit is carried out by the internal audit department and by a firm of chartered accountant appointed by the management.

Asset Liability Management:

The company follows "The Asset Liability Management System for Housing Finance Companies – Guidelines" issued by NHB. The company has in place Board approved Risk management policy. The policy specifies the Prudential Gap limits & the tolerance limits and the reporting mechanism. The Asset Liability Management committee (ALCO) comprises of MD & CEO and other senior management personnel. The ALM reports are periodically reviewed by ALCO and ALCO internally appraises the Board on ALM issues periodically.

GENERAL RISK

Investment in debt and debt related securities involve a degree of risk and investors should not invest any funds in the debt instrument unless they can afford to take the risks attached to such investments. For taking an investment decision, investors must rely on their own examination of the Issuer and the Issue including the risks involved. The securities have not been recommended or approved by Securities and Exchange Board of India nor does Securities and Exchange Board of India guarantee the accuracy or adequacy of this document.

Regulatory Risks

These risks may arise if various concerned authorities amend the regulatory framework, which could impact the corporation
