The Company is having a valid Certificate of Registration dated July 09, 2014 issued by the National Housing Bank (NHB) under Section 29A of the NHB Act, 1987. However, the NHB does not accept any responsibility or guarantee about the present position as to the financial soundness of the Company or for the correctness of any of the statements or representations made or opinion expressed by the Company and for repayment of deposits / discharge of liabilities by the Company.

(III) RISK FACTORS

(A) Forward Looking Statements:

This Disclosure Document contains certain “forward-looking statements”. These forward looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “shall”, “will”, “will continue”, “will pursue”, “would”, “will likely result”, “is likely”, “expected to”, “will achieve”, “contemplate”, “seek to”, “target”, “propose to”, “future”, “goal”, “project”, “should”, “can”, “could”, “may”, “in management’s judgment” or other words or phrases of similar import or variations of such expressions. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements.

The Company operates in a highly competitive, regulated and ever-changing business environment and a change in any of these variables may necessitate an alteration of the Company’s plans. Further, these plans are not static, but are subject to continuous internal review and may be altered if the altered plans are perceived to suit the Company’s needs better. Further, many of the plans may be based on one or more underlying assumptions (all of which may not be contained in this Document) which may not come to fruition. Thus, actual results may differ materially from those suggested by the forward-looking statements. The Company cannot be held liable by estoppels or otherwise for any forward-looking statements contained herein. The Company and all intermediaries associated with this Document do not undertake to inform Investors of any changes in any matter in respect of which a forward looking statements are made. All statements contained in this Document that are not statements of historical fact constitute “forward-looking statements” and are not forecasts or projections relating to the Company’s financial performance. All forward-looking statements are subject to risks, uncertainties and assumptions that may cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that may cause actual results to differ materially from the Company’s expectations include, among others:

- General economic and business conditions in India and abroad;
- Our ability to successfully implement our strategy, our growth and expansion plans and technological changes;
- Our ability to compete effectively and access funds at competitive cost;
- Changes in the value of Rupee and other currency changes;
- Unanticipated turbulence in interest rates, equity prices or other rates or prices; the performance of the financial and capital markets in India and globally;
- Availability of funds and willingness of our lenders to lend;
- Changes in political conditions in India;
- The rate of growth of our loan assets and level of NPAs in our portfolio;
- Potential mergers, acquisitions or restructuring and increased competition;
- The outcome of any legal or regulatory proceedings in which we are or may become a party to;
- Our ability to recruit and retain our management team and skilled personnel;
- Changes in Indian and foreign laws and regulations, including tax, accounting, banking, securities, investments and loans, foreign exchange, insurance and other regulations; changes in competition and the pricing environment in India; and regional or general changes in asset valuations; and
- Changes in laws and regulations that apply to NBFCs in India, including laws that impact our lending rates and our ability to enforce our collateral.

These are only illustrative and not exhaustive.

By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Neither our Company, our Directors and Officers nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. For further discussion of factors that could cause our actual results to differ, see the section titled “Risk Factors”.

(B) Use of Market Data

Unless stated otherwise, macroeconomic and industry data used throughout this Document has been obtained from publications prepared by providers of industry information, government sources and multilateral institutions. Such publications generally state that the information contained therein has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although the Issuer believes that industry data used in this Disclosure Document is reliable, it has not been independently verified.

(C) Risk Factors

The following are the risks envisaged by the management and Investors should consider the following risk factors carefully for evaluating the Company and its business before making any investment decision. Unless the context requires otherwise, the risk factors described below apply to Aditya Birla Housing Finance Limited Aditya Birla Housing Finance Limited only. The risks have been quantified wherever possible. If any one of the following stated risks actually occurs, the Company’s business, financial conditions and results of operations could suffer and therefore, the value of the Company’s debt securities could decline.

Note: Unless specified or quantified in the relevant risk factors, the Company is not in a position to quantify the financial or other implications of any risk mentioned herein below:

(D) INTERNAL RISK FACTORS

1. As an HFC, one of the most important risks affecting the profitability of the Company is the risk of non-payment by the borrowers and other counterparties.

Our Company’s gross loan asset size as on September 30, 2016 is Rs. 2882.85 crore. The size of our Company’s loan assets are expected to continue to increase in the future as our Company expands its business in India and offers new products. Since most of our Company’s borrowers are individuals and small and medium size companies, our Company’s credit risk could be higher due to their potential inability to adapt to changes in the economic and industrial scenario and global technological changes as also changes in the Indian regulatory and political environment. This may lead to an increase in the number and value of our Company’s NPAs.

Our Company is exposed to the risk that third parties which owe us money, securities or other assets may not perform their obligations. These parties may default on their obligations to us due to various reasons including bankruptcy, lack of liquidity, operational failure, and other reasons. Further, any delay in enforcing the collateral due to delays in enforcement proceedings before Indian courts or otherwise could expose our Company to potential losses.

In deciding whether to extend credit to or enter into transactions with customers and counter parties, our Company relies largely on information furnished by or on behalf of its customers, including financial information, based on which the Company performs its credit assessment. The Company may also depend on certain representations and undertakings as to the accuracy, correctness and completeness of information, and the verification of the same by agencies to which such functions are outsourced. Any such information, if materially misleading, may increase the risk of default. Our financial condition and results of operations could be negatively affected by relying on information that may not be true or may be materially misleading.

The Company has institutionalized a systematic credit evaluation process monitoring the performance of its asset portfolio on a regular and continual basis to detect any material development, and also constantly evaluates the changes and developments in sectors to which it has substantial exposure. The Company also undertakes a periodic review of its entire asset portfolio with a view to determine the portfolio valuation, identify potential areas of action and devise appropriate strategies thereon. The Company follows a provisioning and write-off policy which is in line with what is prescribed by the NHB.

Although our Company regularly reviews credit exposures to clients and counterparties, and to industries and geographical regions that our Company believes may present credit concerns, defaults may arise from events or circumstances that are difficult to detect or foresee.

2. Interest Rate Risk

The Company's business is largely dependent on interest income from its operations.

The Company is exposed to interest rate risk principally as a result of lending to customers at interest rates and in amounts and for periods, which may differ from its funding sources (institutional / bank borrowings and debt offerings). The Company seeks to match its interest rate positions to minimize interest rate risk. Despite these efforts, there can be no assurance that significant interest rate movements will not have an effect on its results of operations. Interest rates are highly sensitive to many factors beyond its control, including the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions, inflation and other factors. Due to these factors interest rates in India have historically experienced a relatively high degree of volatility. Nevertheless the endeavor of the Company will be to keep the interest rate risk at minimum levels by proactively synchronizing resource securing and lending activities on an ongoing basis.

3. Access to Capital Markets and Commercial Borrowings

The Company's growth will depend on its continued ability to access funds at competitive rates. With the growth of its business, the Company is increasingly reliant on funding from the debt capital markets and commercial borrowings.

The market for such funds is competitive and its ability to obtain funds at competitive rates will depend on various factors, including its ability to maintain its credit ratings. While its borrowing costs have been competitive in the past due to its credit rating and the quality of its asset portfolio, if the Company is unable to access funds at an effective cost that is comparable to or lower than its competitors, the Company may not be able to offer competitive interest rates for its loans. This may adversely impact its business and its future financial performance. The value of its collateral may decrease or the Company may experience delays in enforcing its collateral when its customers default on their obligations, which may result in failure to recover the expected value of collateral and adversely affect its financial performance.

The developments in the international markets affect the Indian economy including the financial liquidity position. Our Company is exposed to the risk of liquidity in the financial markets. Changes in economic and financial conditions could make it difficult for the Company to access funds at competitive rates. Being an HFC, we also face certain restrictions to raise money from international markets which are relatively cheaper sources of money and this further constrains our ability to raise cheaper funds.

4. Failure to recover the expected value of collateral when borrowers default on their obligations to Company may adversely affect its financial performance.

ABHFL cannot guarantee that it will be able to realize the full value of its collateral, due to, among other things, defects in the perfection of collateral, delays on its part in taking immediate action in bankruptcy foreclosure proceedings, stock market downturns, claims of other lenders, legal or judicial restraint and fraudulent transfers by borrowers. In the event a specialized regulatory agency gains jurisdiction over the borrower, creditor actions can be further delayed. In addition, to put in place an institutional mechanism for the timely and transparent restructuring of corporate debt, the RBI has devised a corporate debt restructuring system. Any failure to recover the expected value of collateral security could expose ABHFL to a potential loss. Apart from the RBI guidelines, ABHFL may be a part of a syndicate of lenders, the majority of whom elect to pursue a different course of action than the Company would have chosen. Any such unexpected loss could adversely affect business, prospects, results of operations and financial condition.

5. Asset-Liability mismatches in the short term, which could affect company's liquidity position.

The difference between the value of assets and liabilities maturing in any time period category provides the measure to which we are exposed to the liquidity risk. As is typical for several HFC, a portion of our funding requirements is met through short-term funding sources, i.e. working capital demand loans, cash credit, short term loans and commercial papers. However, some portion of our assets has medium or long-term maturities. As the Company grows its business, the proportion of medium and long-term assets in the portfolio is expected to grow. In the event that the existing and committed credit facilities are withdrawn or are not available to the Company, funding mismatches may be created and it could have an adverse effect on our business and our future financial performance.

6. Our inability to control the number and value of NPAs in our portfolio could adversely affect our business and results of operations.

The Company's inability to control or reduce the number and value of its NPAs may lead to deterioration of the quality of its loan portfolio and may severely impact its business.

While the Company's total provisioning against the NPAs at present may be adequate to cover all the identified losses in our loan portfolio, there may not be any assurance that in future the provisioning, though compliant with regulatory requirements, will be sufficient to cover all anticipated losses. Further, the Company may not be able to meet its recovery targets set for the particular financial year due to the intense competition witnessed at both global and domestic levels. In such circumstances, there could be an increase in the number and value of NPAs which can impact the Company.

7. System failures, infrastructure bottlenecks and security breaches in computer systems may adversely affect our business.

Our businesses are highly dependent on our ability to process, on a daily basis, a large number of increasingly complex transactions. Our financial, accounting or other data processing systems may fail to operate adequately or become disabled as a result of events that are wholly or partially beyond our control, including a disruption of electrical or communications services. If any of these systems do not operate properly or are disabled or if there are other shortcomings or failures in our internal processes or systems, it could affect our operations or result in financial loss, disruption of our businesses, regulatory intervention or damage to our reputation. In addition, our ability to conduct business may be adversely impacted by a disruption in the infrastructure that supports our businesses and the localities in which we are located.

Our operations also rely on the secure processing, storage and transmission of confidential and other information in our computer systems and networks. Our computer systems, software and networks may be vulnerable to unauthorized access, computer viruses or other malicious code and other events that could compromise data integrity and security.

8. Our indebtedness and restrictive covenants imposed by our financing agreements could restrict our ability to conduct our business and operations.

Our financing agreements require us to maintain certain security margins. Should we breach any financial or other covenants contained in any of our financing agreements, we may be required to immediately repay our borrowings either in whole or in part, together with any related costs. Under the terms of some of the credit lines, the Company is required to obtain the prior written consent of the concerned lender prior to the Company entering into any scheme of expansion, merger, amalgamation, compromise or reconstruction or selling, leasing, transferring all or a substantial portion of its fixed and other assets; making any change in ownership or control or constitution of our Company, or in the shareholding or management or majority of directors, or in the nature of business of our Company; or making amendments in the Company's Memorandum and Articles of Association. This may restrict/ delay some of the actions / initiatives that our Company may like to take from time to time.

9. We may not get the benefits of being Aditya Birla Group Company in case of any change of control.

In case of any change of control due to any event such as transfer of shares by our Promoter, preferential allotment to any investor, our ability to leverage the “Aditya Birla” brand may get affected and the benefits of being an Aditya Birla Group company including leveraging of business from other Aditya Birla Group companies may not be available to us and consequently, could adversely impact our business operations and profitability.

10. We are exposed to various operational risks including the risk of fraud and other misconduct by employees or outsiders.

Like other financial intermediaries, we are also exposed to various operational risks which include the risk of fraud or misconduct by our employees or even an outsider, unauthorized transactions by employees or third parties, misreporting and non-compliance of various statutory and legal requirements and operational errors. It may not be always possible to deter employees from the misconduct or the precautions we take to detect and prevent these activities may not be effective in all cases. Any such instances of employee misconduct or fraud, the improper use or disclosure of confidential information, could result in regulatory and legal proceedings and may harm our reputation and also our operations.

11. We may not be able to attract or retain talented professionals required for our business.

The complexity of our business operations requires highly skilled and experienced manpower. Such highly skilled personnel give us a competitive edge. Further the successful implementation of our growth plans would largely depend on the availability of such skilled manpower and our ability to attract such qualified manpower. We may lose many business opportunities and our business would suffer if such required manpower is not available on time. Though we have appropriate human resource policies in place, we may face the risk of losing our key management personnel due to reasons beyond our control and we may not be able to replace them in a satisfactory and timely manner which may adversely affect our business and our future financial performance.

12. The Company faces increasing competition from established banks and HFCs. The successful implementation of our growth plans depends on our ability to face the competition.

The Company’s main competitors are established commercial banks and HFCs. Over the past few years, the financing area has seen the entry of banks, both nationalized as well as foreign. Banks have access to low cost funds which enables them to enjoy higher margins and / or offer finance at lower rates. HFCs do not have access to large quantities of low cost deposits, a factor which can render them less competitive. The Company also faces increased competition from new HFC’s foraying into this space and some of which have been quite aggressive in their pricing to garner market share.

13. We may have a high concentration of loans to certain customers or group of customers. If a substantial portion of these loans becomes non-performing, our business and financial performance could be affected.

Our business of lending with or without securities exposes us to the risk of third parties that owe us money. Our loan portfolio and non-performing asset portfolio has, or may in the future, have a high concentration in certain customers or groups of customers. These parties may default on their obligations to us due to bankruptcy, lack of liquidity, operational failure, and breach of contract, government or other regulatory intervention and other reasons including inability to adapt to changes in the macro business environment. Historically, borrowers or borrower groups have been adversely affected by economic conditions in varying degrees. Credit losses due to financial difficulties of these borrowers / borrower groups in the future could adversely affect our business and our financial performance.

(E) Risks Relating to the Utilization of Issue Proceeds

Our management will have significant flexibility in applying proceeds of the Issue.

The funds raised through this Issue, after meeting the expenditures of and related to the Issue, will be used for our various activities, including but not restricted to, lending and investments, to repay our existing loans, our business operations including capital expenditure and working capital requirements.

The Main Objects clause of the Memorandum of Association of the Company permits the Company to undertake the activities for which the funds are being raised through the present Issue and also the activities which the Company has been carrying on till date.

The management of the Company, in accordance with the policies formulated by it from time to time, will have flexibility in deploying the proceeds received from the Issue. Pending utilization of the proceeds out of the Issue for the purposes described above, the Company intends to temporarily invest funds in high quality interest bearing liquid instruments including money market mutual funds, deposits with banks or temporarily deploy the funds in investment grade interest bearing securities as may be approved by the Board.

Further as per the provisions of the SEBI (Issue and Listing of Debt Securities) Regulations, 2008, we are not required to appoint a monitoring agency and therefore no monitoring agency has been appointed for this Issue.

(F) Risks Relating to the Debentures

1. Changes in general interest rates in the economy may affect the price of our Debentures.

All securities where a fixed rate of interest is offered, such as our Debentures, are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e. when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates.

Increased rates of interest, which frequently accompany inflation and /or a growing economy, are likely to have a negative effect on the price of our Debentures.

2. We are not required to maintain any Debenture Redemption Reserve (DRR) for the Debentures issued under this Disclosure Document.

No Debenture Redemption Reserve is being created for the issue of NCDs in pursuance of this Document since creation of Debenture Redemption Reserve is not required for the proposed issue of Debentures. In accordance with Rule the (18)(7)(b)(ii) of Companies (Share Capital and Debentures) Rules 2014 the Company is not required to create DRR for privately placed debentures.

3. Any downgrading in credit rating of our Debentures may affect the value of Debentures and thus our ability to raise further debts.

The Company has obtained credit rating from the following agencies, of which the proposed issue forms a part:

ICRA Limited has assigned a rating (for the amount of Rs. 500 crore) of “[ICRA] AA+ (Stable)”.

India Ratings Limited has assigned a rating (for the amount of Rs. 500 crore) of “[IND] AA+ (Stable)”.

The Issuer cannot guarantee that the rating will not be downgraded. Such a downgrade in the above credit ratings may lower the value of the NCDs and may also affect the Issuer’s ability to raise further debt.

(G) EXTERNAL RISK FACTORS

1. We are subject to regulatory and legal risk which may adversely affect our business.

The operations of an HFC are subject to regulations framed by the NHB and other authorities including regulations relating to foreign investment in India. The Company is required to maintain a CRAR of 12% from March 31, 2011, and Tier I capital of 8% besides complying with other prudential norms.

We are also subject to changes in Indian laws, regulations and accounting principles. There can be no assurance that the laws governing the Indian financial services sector will not change in the future or that such changes or the interpretation or enforcement of existing and future laws and rules by governmental and regulatory authorities will not affect our business and future financial performance.

2. Our growth depends on the sustained growth of the Indian economy. An economic slowdown in India and abroad could have direct impact on our operations and profitability.

Macroeconomic factors that affect the Indian economy and the global economic scenario have an impact on our business. The Indian economy grew about 4.7% in FY14, 7.3% in FY15 and 7.6% in FY16. Recent trends suggest that the economy may grow at a flat pace which may have a direct impact on our disbursements and a slowdown in the economy as a whole can increase the level of defaults thereby adversely impacting the Company’s growth plans and the quality of its portfolio.

A sustained slowdown in the Indian economy could adversely affect its business, including its ability to grow its asset portfolio, the quality of its assets, and its ability to implement its strategy.

India's economy could be adversely affected by a general rise in interest rates, or various other factors affecting the growth of industrial, manufacturing and services sector or general down trend in the economy.

3. Civil unrest, terrorist attacks and war could affect our business.

Terrorist attacks and other acts of violence, war or conflicts, particularly those involving India, as well as the United States of America, the United Kingdom, Singapore and the European Union, may adversely affect Indian and global financial markets. Such acts may negatively impact business sentiment, which could adversely affect our business and profitability. India has from time to time experienced, and continues to experience, social and civil unrest, terrorist attacks and hostilities with neighboring countries. Also, some of India's neighboring countries have experienced, or are currently experiencing internal unrest. This, in turn, could have a material adverse effect on the market for securities including the Debentures. The consequences of any armed conflicts are unpredictable, and we may not be able to foresee events that could have an adverse effect on our business and the price and yield of our NCDs.

4. Our business may be adversely impacted by natural calamities or unfavorable climatic changes.

India, Nepal, Bangladesh, Pakistan, Indonesia and other Asian countries have experienced natural calamities such as earthquakes, floods, droughts and a tsunami in recent years. Some of these countries have also experienced pandemics, including the outbreak of avian flu / swine flu. The extent and severity of these natural disasters and pandemics determines their impact on these economies and in turn affects the financial services sector of which our Company is a part. Prolonged spells of abnormal rainfall and other natural calamities could have an adverse impact on the economies in which we have operations, which could adversely affect our business and the price of our Debentures.

5. Any downgrading of India's sovereign rating by an international rating agency (ies) may affect our business and our liquidity to a great extent.

Any adverse revision to India's credit rating for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our financial performance and our ability to obtain financing to fund our growth on favorable terms, or at all.

Notes to the Risk Factors

Save, as stated elsewhere in this Disclosure Document, since the date of the audited financial accounts, no developments have taken place that are likely to materially and adversely affect the performance or prospects of the Company.

1.1 Industry Overview

Housing Finance Companies (HFCs) act as a critical link in the overall financial system catering to a large market of niche customers. They are one of the major purveyors of credit in India. HFCs have displayed flexibility in meeting credit needs of specific sectors like leasing, hire purchase, hire purchase finance, consumer finance etc.

HFCs in India offer a wide variety of financial services and play an important role in providing credit to the unorganized sector and small borrowers at the local level. As a result of consolidation and restructuring in the financial sector and liberalization and globalization of markets only a few strong HFCs now remain in business. However, competition has become intense due to the entry of the Indian and foreign banks into the retail lending business in a big way, thereby exerting pressure on margins. As compared to banks, HFCs have the ability to take quicker decisions and customize their services in accordance with the needs of the customer. Thus, HFCs can sustain in this competitive environment only through optimization of funding costs, identification of potential areas, widening geographical reach, and use of technology, cost efficiencies, strict credit monitoring and raising the level of customer service.

Strengths

We believe that the following are our key strengths:

Experienced management team

We believe that our senior management and our talented and experienced professionals are and would continue to be the principal drivers of our growth and success in all of our businesses. Our senior management team is supported by professionals from varied backgrounds who bring significant expertise in their respective lines of business. We believe that the extensive experience and financial acumen of our management and professionals provide us with a distinct competitive advantage.

Innovative solutions model

Our focus on coverage and ability to provide innovative solutions enables us to establish long-term relationships with corporate and retail clients. Our business model is based on providing services where we employ dedicated relationship and product managers for each key business line.

This enables us to create capabilities and expertise for each product and which we believe benefits customers in achieving their desired financial objectives.

Controls, processes and risk management systems

We believe that we have strong internal controls and risk management systems to assess and monitor risks across our various business lines. Our Board of Directors has appointed various committees including Risk Management Committee and Audit Committee to monitor and manage risk at the standalone business level and at the consolidated company level. Our risk management department operates as an independent department with a dedicated centralized risk management team. All new lines of business and product launches follow a rigorous internal approval process that requires assessing risk, client suitability, understanding regulations and understanding regulatory and internal policy compliance prior to launch. We believe that we have effective procedures for evaluating and managing the market, credit and other relevant risks.

Access to capital

We are subject to the CRAR prescribed by the NHB. We are currently required to maintain a minimum ratio of 12% as prescribed under the Housing Finance Company (Non-Deposit Accepting or Holding) Companies Prudential Norms (as amended from time to time) based on total capital to risk weighted assets. As a part of our governance policy, we ordinarily maintain capital adequacy higher than the statutorily prescribed CRAR. Our CRAR as on March 31, 2015 stood at 39.47%, 12.38% as on March 31, 2016 and 17.77% as on September 30, 2016

We have been rated [ICRA] A1+ for its short-term borrowings. For its long-term borrowings the Company is rated [ICRA] AA+ (Stable) by ICRA Ltd, 'IND AA+' Stable by India Ratings & Research, for Bank lines ICRA Ltd. has rated [ICRA] AA+ (Stable)/[ICRA]A1+, which indicates high degree of safety regarding timely servicing of financial obligations. For Sub Debt the Company has a rating of [ICRA] AA+ (Stable) by ICRA Ltd, 'IND AA+' Stable by India Ratings & Research, Our credit rating, risk containment measures and brand value help us to access capital on relatively favorable terms.

Strategies

Leverage our technology advantage

We plan to continue investing in state of the art technology to significantly enhance our technical capabilities across our products and services offerings. We believe that we have the technological platform and information technology systems in place to support significant growth in customer base and lines of business. We believe that technology will enable us to respond effectively to the needs of our customers and meet competitive challenges.

Attract and retain talented professionals

In financial services people are the most important asset, and it is their reputation, talent, integrity and dedication which contribute significantly to business success. We believe that the strong, team-based approach that exists within the organization will enable us to attract and retain employees. We have been successful in attracting key professionals from both Indian and foreign financial services organizations and intend to continue to seek out talent to further enhance and grow our business.

Risk Management

The Company recognizes the importance of strong risk management and has taken steps to put in place a risk management system which includes monitoring, reporting and controlling of risks and relevant mitigation processes. The policies are reviewed on an ongoing basis.

The Company has adopted market risk management measures and policies that quantify market risk and put in place limits to minimize the impact of losses, if any, on earnings and equity capital.

The Risk Management Committee of the Board monitors the Company's risk management policies and procedures and reviews portfolio composition and the performance of the same.

The Company also faces and addresses risks from factors like increased competition, economic slowdown, challenge of retaining manpower, likely decline in asset quality, increase in operating costs, RBI provisioning policies, etc.

Our Employees

The Company lays great emphasis and focus on recruitment and retention of its employees which is the most valuable asset for a service industry like ours. We mainly hire professionals from the financial services industry. Our entry level talent intake program injects young talent from top Business Schools across the country.

We are a 'talent-driven company' with people being our principal investment towards driving strategy, sustainability and success. With an emphasis on creating a winning culture, we identify and groom people who have the intrinsic desire to succeed. A robust Performance Management System helps in identification of high potential performers and ensuring adequate rewards along with career growth.

We strive to incubate and nurture an environment of equal opportunity, high growth and meritocracy through various systems and processes. A focus on learning ensures adequate training for all employees. We leverage the Birla ecosystem and internal opportunities of learning, development and mobility. Our internal communication processes and employee engagement initiatives ensure retention and long term engagement of our talent. We aspire to be an "employer of choice" in the times to come.

Competition

We face competition in all our lines of businesses. Our primary competitors are other HFCs, public sector banks, private sector banks, co-operative banks and foreign banks.

In Capital Markets, we face competition from other HFC's and private sector banks. Their access to lower cost funds enables them to fund certain segments of the market at lower rates. People being the prime asset of any service oriented businesses, our ability to strengthen our existing businesses and establish new businesses largely depends on our ability to attract qualified and highly skilled workforce and motivate and retain the existing ones. Competition is also witnessed in the recruitment and retention of skilled and professional human resources.

10. Refunds

For applicants whose applications have been rejected or allotted in part, refund orders will be dispatched within 7 (seven) days from the Deemed Date of Allotment of the Debentures without interest.

In case the Issuer has received moneys from applicants for Debentures in excess of the aggregate of the application moneys relating to the Debentures in respect of which allotments have been made, the Issuer shall repay the moneys to the extent of such excess forthwith without interest, and if such money is not repaid within eight days after the Issuer becomes liable to repay it, the Issuer and every Director of the Issuer who is an officer in default shall, on and from the expiry of the eighth day be jointly and severally liable to repay that money with interest at the rate of fifteen per cent having regard to the length of the period of delay in making the repayment of such money.

11. Deemed Date Of Allotment

The deemed date of allotment for each series will be mentioned in the respective Disclosure Documents.

12. Interest On The Coupon Bearing Debentures

Interest rate

1. In case of fixed rate Debentures, they shall carry interest at fixed coupon rate as per the respective Disclosure Documents from the corresponding deemed date of allotment.
2. In case of floating rate Debentures, the relevant coupon for any interest period shall be determined by the underlying benchmark, mark up/down on the same and the reset frequency as per the respective Disclosure Documents.

The interest shall be subject to deduction of tax at source at the rates prevailing from time to time under the provisions of the Income tax Act, 1961, or any other statutory modification or re-enactment thereof, for which a certificate will be issued by ABHFL.

Computation of interest

Interest for each of the interest periods shall be computed on actual by actual number of day basis on the principal outstanding on the Debentures at the coupon rate as mentioned in the Disclosure Documents.

Payment of interest

Payment of interest on the Debenture(s) will be made to those of the debenture holders whose name(s) appear in the register of debenture holder(s) (or to the first holder in case of joint holders) as on the Record Date fixed by the Company for this purpose and /or as per the list provided by NSDL/CDSL to the Company of the beneficiaries who hold Debentures in demat form on such Record Date, and are eligible to receive interest. Payment will be made by the Company after verifying the bank details of the Investors by way of direct credit through Electronic Clearing Service (ECS), Real Time Gross Settlement (RTGS) or National Electronic Funds Transfer (NEFT) and where such facilities are not available, the Company shall make payment of all such amounts by way of cheque(s)/demand draft(s)/interest warrant(s), which will be dispatched to the debenture holder(s) by registered post/speed post/ courier or hand delivery on or before the Interest Payment Dates as specified in the relevant Disclosure documents.

13. Interest On Application Money

Interest at the applicable coupon rate/implicit yield (subject to deduction of tax at source at the rates prevailing from time to time under the provisions of the Income Tax Act, 1961, or any other statutory modification or re-enactment thereof for which a certificate will be issued by ABHFL) will be paid on the application money. Such interest shall be paid from the date of realization of the cheque(s) / demand draft(s) up to but not including the deemed date of allotment. The respective interest payment instruments along with the letters of allotment / refund orders, as the case may be, will be dispatched by registered post to the sole / first applicant, at the sole risk of the applicant.

14. Tax Deduction At Source (TDS)

Tax as applicable under the Income Tax Act, 1961, or any other statutory modification or re-enactment thereof will be deducted at source. For seeking TDS Exemption / lower rate of TDS, relevant certificate / document must be lodged by the debenture holders at the office of registrar and transfer agent, at least 15 days prior to the Interest Payment Date. Tax exemption certificate in respect of non- deduction of tax on interest on application money, must be submitted along with the Application Form to the satisfaction of the Issuer. The prospective investor is advised to consult his tax advisor before investing in the Debentures to be issued by the Issuer.

However, Investors may note that as per Finance Act, 2008, tax is not required to be deducted at source on interest payable on security issued by a company, where such security is in dematerialized form and is listed on a recognized Stock Exchange in India in accordance with the Securities Contracts.

15. Redemption

The Debentures shall be redeemed at such price, at the expiry of the respective tenor as mentioned in the Disclosure Documents. In case the Deemed Date of Allotment is revised then the Redemption Date will also stand revised accordingly.

16. Mode of Transfer

All requests for transfer should be submitted to the respective Depository Participants prior to the Record Date for payment of interest/ principal.

Provided further that nothing in this section shall prejudice any power of the Company to register as Debenture holder any person to whom the right to any Debenture of the Company has been transmitted by operation of law.

Transfer of Debentures would be in accordance with the rules / procedures as prescribed by NSDL / CDSL/ Depository participant.

17. Payment on Redemption

- *Debentures held in physical form*

The debenture certificate(s), duly discharged by the sole / all the joint holders (signed on the reverse of the Debenture Certificate(s)) to be surrendered for redemption on maturity should be sent by the Debenture holder(s) by registered post with acknowledgement due or by hand delivery to the Company/ Registrar and Transfer Agent or to such persons at such addresses as may be notified by the Company from time to time, 15 days prior to the Redemption Date.

The Issuer may, at its discretion, redeem the NCDs without the requirement of surrendering of the certificates by the debenture holder(s). In case the Company decides to do so, the redemption proceeds in the manner stated below would be paid on the Redemption Date to those debenture holders whose names stand in the register of debenture holders maintained by the Company on the Record Date fixed for the purpose of redemption. Hence the transferee(s), if any, should ensure lodgement of the transfer documents with the Company/Registrar and Transfer Agent before the Record Date.

In case the transfer documents are not lodged before the Record Date and the Company dispatches the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties inter se and no claim or action shall lie against the Company or the Registrar and Transfer Agent.

The Company shall compute the redemption amounts to be paid to each of the debenture holders based on the relevant Disclosure Documents and shall make payment of redemption amount by way of direct credit through Electronic Clearing Service (ECS), RTGS or National Electronic Funds Transfer (NEFT) and where such facilities are not available, the Company shall make payment of all such amounts by way of cheque/demand draft(s) to the first/sole debenture holder. Direct credit or dispatch of Cheques/Pay Order etc. in respect of such payment will be made on the Redemption Date or within a period of 30 days from the date of receipt of the duly discharged debenture certificate, whichever is later. The Company's liability to the Debenture holder(s) towards all rights including payment or otherwise shall stand extinguished on and from the due date of redemption in all events and on the

Company dispatching the redemption amount to the debenture holder(s). The Company will not be liable to pay any interest, income or compensation of any kind from the Redemption Date. In case of any delay in surrendering the Debenture Certificate(s) for redemption, the Company will not be liable to pay any interest, income or compensation of any kind for the late redemption due to such delay. Also, if the maturity date fall on Saturday, Sunday or a public holiday, the redemption proceeds will be paid on the previous working day.

- *Debentures held in Demat Form*

In case of the NCDs held in demat form, no action is required on the part of the debenture holder(s) at the time of redemption of the NCDs and on the Redemption Date, the redemption proceeds would be paid to those debenture holder(s) whose name(s) appear on the list of beneficial owners given by the Depositories to the Company. The name(s) would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. All such NCDs will be simultaneously redeemed through appropriate debit corporate action.

The Company shall compute the redemption amounts to be paid to each of the debenture holders based on the relevant Disclosure Documents.

The redemption proceeds shall be directly credited through Electronic Clearing Service (ECS), RTGS or National Electronic Funds Transfer (NEFT) and where such facilities are not available the Company shall make payment of all such amounts by way of cheque/ demand draft. The cheque/demand draft for redemption proceeds, will be dispatched by courier or hand delivery or registered post at the address provided in the Application / at the address as notified by the debenture holder(s) or at the address with Depositories' record. Once the redemption proceeds have been credited to the account of the debenture holder(s) or the cheque/demand draft for redemption proceeds is dispatched to the debenture holder(s) at the addresses provided or available from the Depositories record, the Company's liability to redeem the NCDs on the date of redemption shall stand extinguished and the Company will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

18. Effect of Holidays

If the coupon payment date, excepting the date of allotment, falls on Saturday, Sunday or a public holiday the next working day will be considered as the effective date(s). If the maturity date fall on Saturday, Sunday or a public holiday, the redemption proceeds will be paid on the previous working day.

19. Issue of Duplicate Debenture Certificate(s)

If any debenture certificate(s) is / are mutilated or defaced or the pages for recording transfers of NCDs are fully utilised, the same may be replaced by the Company against the surrender of such certificate(s) and upon payment by the claimant of such costs as may be determined by the Company. Provided, where the Debenture Certificate(s) is / are mutilated or defaced, the same will be replaced as aforesaid, only if the certificate numbers, debenture holder number(s) and the distinctive numbers are legible. If any Debenture Certificate(s) is / are destroyed, stolen or lost, then upon production of proof thereof to the satisfaction of the Company and upon furnishing such indemnity / security and / or documents as the Company may deem adequate, duplicate Debenture Certificate(s) shall be issued subject to the charge for the same being borne by the Debenture holder.
