IMPORTANT NOTICE AND DISCLAIMERS

This Shelf Disclosure Document for the issue of Debentures on Private Placement basis (the "Document" or the "Shelf Document") will be provided to potential Investors in relation to the issue of the Debentures by the Company.

This Shelf Disclosure Document is neither a "Prospectus" nor a "Statement in Lieu of Prospectus" and is prepared in accordance with the Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008, as amended, Companies Act, 2013 read with the Rules framed thereunder and other applicable laws, rules, regulations and guidelines. This Shelf Disclosure Document has not been submitted with SEBI for its approval. This Shelf Disclosure Document is intended for private use and should not be construed to be a prospectus and/or an invitation to the public or a section of the public for subscription to the Debentures under any Law for the time being in force. This requirement is for the exclusive use to whom it is delivered and it should not be circulated or distributed to any third party(ies).

Apart from this Shelf Disclosure Document, no other offer document or prospectus has been prepared in connection with the offering of this Issue nor is such a prospectus required to be registered under applicable laws. Accordingly, this Shelf Disclosure Document has neither been delivered for registration nor is it intended to be registered under the applicable laws.

All the information contained in this Shelf Disclosure Document has been supplied by or on behalf of the Company and the Company confirms that the Company has taken reasonable care to ensure that the information is true and accurate in all material respects as at the date of this Shelf Disclosure Document and does not contain any untrue statement of a material fact or omits to state any material fact necessary to make the statements herein that would be in the light of circumstances under which they are made, and are not misleading. No person has been authorized to give any information or to make any representation not contained or incorporated by reference in this Shelf Disclosure Document or in any material made available by the Company to any potential Investor pursuant hereto and, if given or made, such information or representation must not be relied upon as having been authorized by the Company.

The contents of this Shelf Disclosure Document are intended to be used only by those potential Investors to whom it is issued. It is not intended for distribution to any other person and should not be distributed or reproduced by any such potential Investor.

No invitation is being made to any persons other than those to whom Application Forms along with this Shelf Disclosure Document and relevant Addendum to this Shelf Disclosure Document is being sent. Any application by a person to whom this Shelf Disclosure Document along with the relevant Addendum to this Shelf Disclosure Document and/ or the Application Form has not been sent by the Company shall be rejected without assigning any reason. The person in receipt of this Shelf Disclosure Document along with the relevant Addendum to this Shelf Disclosure Document shall

maintain utmost confidentiality regarding the contents therein and shall not reproduce or distribute in whole or in part or make any announcement in public or to any third party regarding its contents, without the prior written consent of the Issuer.

The purpose of this Shelf Disclosure Document is to provide general information about the Company and to assist recipients, who are willing and eligible to invest in the Debentures. This Shelf Disclosure Document does not purport to contain all the information that any potential Investor may require. This Shelf Disclosure Document is not intended to provide the basis of any credit decision or other evaluation and should not be regarded; firstly as a recommendation to any recipient to participate in the Debentures and secondly any recipient of this Shelf Disclosure Document should not consider such receipt a recommendation to purchase any Debentures. Each potential investor should perform his / its own independent investigation of the financial condition and affairs of the Company, and his / its own appraisal of the creditworthiness of the Company. Potential investors should consult their own financial, legal, tax and other professional advisors as to the risks and investment considerations arising from an investment in the Debentures and such potential investors should possess the appropriate resources to analyse such investment and the suitability of such investment to their respective particular circumstances based upon whatever investigations it deems necessary. This Shelf Disclosure Document shall not be considered as a recommendation to purchase the Debentures and the recipients are urged to determine, investigate and evaluate for themselves the authenticity, origin, validity, accuracy, completeness, adequacy or otherwise the relevance of the information contained in this Shelf Disclosure Document. It is the responsibility of the investors / potential Investors to also ensure that they will sell these Debentures in strict accordance with this Shelf Disclosure Document and other applicable Laws, so that the sale does not constitute an offer to the public within the meaning of the Companies Act, 2013 and other applicable law.

This Shelf Disclosure Document is confidential and is made available only to the potential Investors of the Debentures on the understanding that it is confidential. Recipients are not entitled to use any of the information contained in this Shelf Disclosure Document for any purpose other than in assisting to decide whether or not to participate in the Issue.

Each person receiving this Shelf Disclosure Document acknowledges that:

- such person has been accorded an opportunity to request and to review and has received all additional information considered by a person to be necessary to verify the accuracy of or to supplement the information herein; and
- such person has not relied on the Arranger and / or its affiliates that may be associated with the Debentures in connection with its investigation of the accuracy of such information or its investment decision.

This Shelf Disclosure Document does not constitute, nor may it be used for or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or to any person to whom it is unlawful to make such an offer or solicitation. No action is being taken to permit an offering of the Debentures or the distribution of this Shelf Disclosure Document

in any jurisdiction where such action is required. The distribution of this Shelf Disclosure Document in certain jurisdictions may be restricted by Law. Recipients of this Shelf Disclosure Document are required by the Company to inform themselves about and to observe any such restrictions. Any information or representation not contained herein must not be relied upon as having being authorized by or on behalf of the Issuer. Neither the delivery of this Shelf Disclosure Document at any time nor any statement made in connection with the offering of the Debentures shall under the circumstances imply that any information/ representation contained herein is correct at any time subsequent to the date of this Shelf Disclosure Document. The distribution of this Shelf Disclosure Document or the Application Forms and the offer, sale, pledge or disposal of the Debentures may be restricted by law in certain jurisdictions.

SECTION II

RISK FACTORS AND ASSUMPTIONS

A. RISK FACTORS

The Issuer believes that the following risk factors may affect its ability to fulfil its obligations in respect of the Debentures issued under this Shelf Disclosure Document. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Debentures issued under this Shelf Disclosure Document, but the inability of the Issuer, as the case may be, to pay coupon, principal or other amounts on or in connection with any Debentures may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Debentures are exhaustive.

Investors should consider the following risk factors carefully for evaluating the Issuer and its business before making any investment decision. Unless the context requires otherwise, the risk factors described below apply to the Issuer only.

INTERNAL RISKS

1. Repayment of principal or coupon is subject to the credit risk of the Company

Investors should be aware that receipt of the principal amount, coupon amount and any other amounts that may be due in respect of the Debentures is subject to the credit risk of the Company and the potential investors assume the risk that the Issuer may not be able to satisfy their obligations under the Debentures. In the event that bankruptcy proceedings or composition, scheme of arrangement or similar proceedings to avert bankruptcy are instituted by or against the Company, the payment of sums due on the Debentures may be substantially reduced or delayed.

2. The secondary market for the Debentures may be illiquid

The Debentures may be very illiquid and no secondary market may develop in respect thereof. Even if there is a secondary market for the Debentures, it is not likely to provide significant liquidity. Any such Debenture so purchased may be required to be held or resold or surrendered for cancellation, to the extent that an issue of Debentures becomes illiquid. An Investor may have to hold the Debenture until redemption to realize value.

3. No debenture redemption reserve

No debenture redemption reserve is being created for the present Issue. Pursuant to the Rule 18(7)(b)(ii) of the Companies (Share Capital and Debentures) Rules, 2014, companies which are registered as NBFCs with the RBI are not required to create a debenture redemption reserve for any private placement of debentures.

4. Tax Considerations and Legal Considerations

Special tax, accounting and legal considerations may apply to certain types of Investors. Prospective Investors are urged to consult with their own tax and legal advisors to determine any tax and legal implications of this investment.

5. We are affected by volatility in interest rates for both our lending and treasury operations, which could cause our net interest income to vary and consequently affect our profitability.

Our results of operations depend substantially on the level of our net interest income, which is the difference between our interest and other income charges, and interest expense and other borrowing costs. Any change in interest rates would affect our interest expense on our floating interest-bearing liabilities as well as our net interest income and net interest margins. Any increase in our cost of funds may lead to a reduction in our net interest margin, or require us to increase interest rates on loans disbursed to customers in the future to maintain our net interest margin.

Our interest income is affected by any volatility in interest rates in our lending operations. Interest rates are highly sensitive to many factors beyond our control, including the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions and other factors, which have historically generated a relatively high degree of volatility in interest rates in India. Moreover, if there is an increase in the interest rates we pay on our borrowings that we are unable to pass to our customers, we may find it difficult to compete with our competitors, who may have access to low-cost funds or lower cost deposits. Further, to the extent our borrowings are linked to market interest rates, we may have to pay interest at a higher rate than lenders that borrow only at fixed interest rates. In a declining interest rate environment, if our cost of funds does not decline simultaneously or to the same extent as the yield on our interest-earning assets, it could lead to a reduction in our net interest income and net interest margin.

Fluctuations in interest rates may also adversely affect our treasury operations. In a rising interest rate environment, especially if the rise is sudden or sharp, we could be adversely affected by the decline in the market value of our securities portfolio and other fixed income securities. In addition, we currently do not enter into any interest rate hedging instruments to protect against interest rate volatility. Our inability to effectively and efficiently manage interest rate variations and our failure to pass on increased interest rates on our borrowings may cause our net interest income to decline, which would decrease our return on assets and could adversely affect our business, future financial performance and result of operations.

6. *We have expanded into new lines of business and if we are unable to successfully run the new businesses profitably, our results of operations and financial condition may be affected.*

As part of our growth strategy, we have also added additional products to our portfolio such as vehicle finance. We have limited or no experience in some of the recently launched products and business verticals which are partly targeted at a slightly different borrower segment. Our current strategy is to gain market share in strategically-selected target businesses, customer segments and geographies, however, there can be no assurance that we will be able to continue to successfully implement our strategy. If we grow our Total Credit Exposure too rapidly or fail to make proper assessments of credit risks associated with new borrowers, a higher percentage of our loans may become non-performing, which would have an adverse effect on the quality of our assets and our financial condition.

Factors such as competition, customer requirements, regulatory regimes, business practices and customs in these new markets may differ from those in our existing markets, and our experience in our existing markets may not be applicable to these new markets. In addition, as we enter new markets and geographical regions, we are likely to compete with not only other banks and financial institutions but also the local unorganized or semi-organized private financiers, who are more familiar with local regulations, business practices and customs, and may have stronger relationships with target customers. For instance, a number of states in India have enacted laws to regulate money lending transactions. These laws establish a maximum rate of interest that can be charged. There is ambiguity on whether NBFCs are required to comply with provisions of these state money lending laws. There are severe civil and criminal penalties for non-compliance with the relevant money lending statutes. If it is judicially determined or clarified by relevant authorities that such statutes apply to NBFCs, our expansion in such states could be hindered.

As we expand our geographic footprint, our business may be exposed to additional challenges, including obtaining necessary governmental approvals, identifying and collaborating with local business partners with whom we may have no existing relationship; successfully marketing our products in markets in which we have no familiarity; attracting customers in a market in which we do not have significant experience or visibility; being subject to additional local taxes; attracting and retaining new employees; expanding our technological infrastructure; maintaining standardized systems and procedures; and adapting our marketing strategy and operations to new markets in India in which different languages are spoken. To address these challenges, we may have to make significant investments that may not yield desired results or incur costs that we may not be able to recover. Our inability to expand our current operations may adversely affect our business, financial condition and results of operations.

7. *We have experienced significant growth in recent years and we may not be able to sustain our growth or manage it effectively.*

We have experienced significant growth in recent years. Sustained growth puts pressure on our ability to effectively manage and control historical and emerging risks. Our inability to effectively manage any of these issues may adversely affect our business growth and, as a result, impact our businesses, prospects, financial condition and results of operations.

We also intend to continue to increase and diversify our customer base and delivery channels. With the launch of new businesses, particularly vehicle finance businesses, we have significantly increased the scope of our branch network and we intend to continue to add new branches over

the next few years. While historically most of our operations were focused in Western India, we intend to further increase our penetration in the western and northern states of India as well as certain regions in India where we historically had limited operations, such as the central part of India. Our recently launched vehicle finance business will focus on southern India as its primary target market.

Such further expansion will increase the size of our business and the scope and complexity of our operations and will involve significant start-up costs to establish such branches. We may not be able to effectively manage this growth or achieve the desired profitability in the expected timeframe or at all and may not be able to reflect improvement in other indicators of financial performance from the expansion. In addition, the growth and contribution to our revenue from new branches may be slower or smaller compared to the rest of our business. We may not be able to identify real estate to lease for new branches in a cost effective manner or without delays or relocate branches that do not meet our standards of success, including profitability, to desirable locations. We cannot assure you that we will be successful in achieving our target benchmark level of efficiency and productivity in our new branches and our success will depend on various internal and external factors, some of which are not under our control.

As a consequence of a larger branch network, we may also be exposed to certain additional risks, including:

- difficulties arising from operating a larger and more complex organization;
- the failure to manage a geographically-diverse branch presence and to efficiently and optimally allocate management, technology and other resources across our branch network;
- the failure to manage third-party service providers in relation to any outsourced services;
- difficulties in the integration of new branches with our existing branch network;
- difficulties in supervising local operations from our centralized locations;
- difficulties in hiring skilled personnel in sufficient numbers to operate the new branches locally and management to supervise such operations from centralized locations;
- the failure to compete effectively with competitors in new locations;
- the failure to maintain the level of customer service in the new branches, which may adversely affect our brand and reputation;
- higher technology support services cost and operational risks;
- difficulties arising from coordinating and consolidating corporate and administrative functions, including integration of internal controls and procedures; and
- unforeseen legal, regulatory, property, labour or other issues.

8. Any disruption in our sources of funding could adversely affect our liquidity and financial condition.

The liquidity and profitability of our business depend, in large part, on our timely access to, and the costs associated with, raising funds. Our funding requirements historically have been met from various sources, including bank loans and working capital facilities, non-convertible debentures, commercial paper and equity. Our business depends and will continue to depend on our ability to access a variety of funding sources. Our ability to raise funds at competitive rates depends on various factors including our current and future results of operations and financial condition, our risk management policies, our credit ratings, our brand equity, the regulatory environment and

policy initiatives in India and developments in the international markets affecting the Indian economy.

Presently, we depend on banks as a primary source of our borrowings. There are restrictions imposed by the RBI through a Master Circular – Bank Finance to Non- Banking Financial Companies dated July 1, 2015, as amended (the "Master Circular"), which may restrict our ability to obtain bank financing for specific activities. Pursuant to the Master Circular, the RBI has imposed certain restrictions on banks providing financing to NBFCs. Under this Master Circular, certain activities by NBFCs are ineligible for financing by banks, including certain types of discounting and rediscounting of bills; current and long term investments in shares, debentures, loans and advances by NBFCs to their subsidiaries and group companies; lending by NBFCs to individuals for subscribing to initial public offerings and purchasing shares from the secondary market; unsecured loans and inter-corporate deposits provided by NBFCs. In addition, the Master Circular prohibits:

- banks from granting bridge loans of any nature, provide interim finance against capital or debenture issues or in the form of loans of a temporary nature pending the raising of long term funds from the market by way of capital, deposits, or other means to any NBFCs;
- banks from accepting shares and debentures as collateral for secured loans granted to NBFCs; and

banks from executing guarantees covering inter-company deposits or loans thereby guaranteeing refund of deposits or loans accepted by NBFCs. The restriction covers all types of deposits and loans irrespective of their source, including deposits and loans received by NBFCs from trusts and other institutions. The Master Circular also requires that guarantees should not be issued by banks for the purpose of indirectly enabling the placement of deposits with NBFCs. The Master Circular also provides that the exposure (both lending and investment, including off balance sheet exposures) of a bank to a single NBFC, which is not predominantly engaged in lending against collateral of gold jewelry, should not exceed 10.0%, of the bank's capital funds as per its last audited balance sheet. Banks may, however, assume exposures on such a single NBFC up to 15.0%, of their capital funds, provided that the exposure in excess of 10.0% is on account of funds on-lent by the NBFC to the infrastructure sector.

Changes in economic, regulatory and financial condition or any lack of liquidity in the market could adversely affect our ability to access funds at competitive rates, which could adversely affect our liquidity and financial condition.

9. The quality of our portfolio may be impacted due to higher levels of NPAs and our business may be adversely affected if we are unable to provide for such higher levels of NPAs.

Our Company adheres to provisioning requirements related to Gross Advances pursuant to the Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, as amended ("Master Directions"). Further, our Subsidiary, IndoStar Home Finance, makes provisions for standard assets as well as NPAs in accordance with the prudential norms prescribed by the NHB.

10. We depend on the accuracy and completeness of information about customers and counterparties for certain key elements of our credit assessment and risk management process. Any misrepresentation, errors in or incompleteness of such information could adversely affect our business and financial performance.

In deciding whether to extend credit or enter into other transactions with customers, for certain key elements of the credit assessment process, we rely on information furnished to us by or on behalf of customers (including in relation to their financial transactions and past credit history). We may also rely on certain representations from our customers as to the accuracy and completeness of that information. For ascertaining the creditworthiness and encumbrances on collateral we may depend on the respective registrars and sub-registrars of assurances, credit information companies or credit bureaus, and on independent valuers in relation to the value of the collateral, and our reliance on any misleading information given may affect our judgement of credit worthiness of potential borrowers, and the value of and title to the collateral, which may affect our business, prospects, results of operations and financial condition. We may receive inaccurate or incomplete information as a result of negligence or fraudulent misrepresentation. Our risk management measures may not be adequate to prevent or deter such activities in all cases, which may adversely affect our business prospects, financial condition and results of operations.

Further, we are increasing our focus on self-employed and middle income individuals and businesses that have limited or no access to formal banking and finance channels. A significant number of such customers maybe first time buyers of financial products and often may not have credit histories supported by tax returns and other documents that would enable us to accurately assess their creditworthiness. We may also not receive updated information regarding any change in the financial condition of our customers or may receive inaccurate or incomplete information as a result of any fraudulent misrepresentation by our customers or employees. Moreover, the availability of accurate and comprehensive credit information on retail customers and small businesses in India is more limited than for larger corporate customers, which reduces our ability to accurately assess the credit risk associated with such lending. Although as part of our credit policy, we are required to conduct credit checks of all our customers, including with credit bureaus, conduct site-visits (wherever relevant) and personal discussions, there can be no assurance that such credit information will be accurate or comprehensive. Difficulties in assessing credit risks associated with our day-to-day lending operations may lead to an increase in the level of our non-performing and restructured assets, which could adversely affect our business prospects, financial condition and results of operations.

11. We have significant exposure to certain sectors and to certain borrowers and if these exposures become non-performing, such exposures could increase the level of non-performing assets in our portfolio and affect our business, future financial performance and results of operations and the quality of our asset portfolio.

Our Company have significant exposure in real estate, financial services, poultry products, infrastructure and digital cable sectors in India and may continue to have significant concentration of loans in these sectors. Further, as we execute our current growth strategy, we will have increased exposure to the transportation sector. Any significant negative trends or financial difficulties in this sector could increase the level of non-performing assets in our portfolio and may adversely affect our business, financial performance and results of operations. We calculate customer exposure as required under the Reserve Bank of India regulations.

Our real estate finance loans typically have higher average loan sizes in comparison to our other loan products. Furthermore, real estate finance loans may be exposed to risks related to time and cost overruns and related increases. Factors such as third party performance risks, delays in obtaining the requisite approvals, environmental risks, changes in market conditions, changes in

government or regulatory policies, permits, licenses or certifications from the relevant authorities as well as shortages of, or material increases in prices of, construction materials, equipment, technical skills and labor, or other unforeseeable problems and circumstances may lead to delays in, or prevent the completion of, real estate development projects and result in costs substantially exceeding those originally budgeted, which may affect real estate developers' ability to repay their loans.

In addition, real estate developers may be impacted by the passing of the Real Estate (Regulation and Development) Act, 2016, as amended (the "Real Estate Act"). The Real Estate Act sets forth a robust reporting, compliance and dispute resolution regime governing real estate projects, including mandating developers to disclose details of registered projects including with respect to the land status, approvals and other such details, and requiring developers to pay interest in case of delays in project completion. Further, the Real Estate Act also makes it mandatory for real estate developers to put 70.0% of the amount collected from buyers for a real estate project into a separate bank account, which amount may only be used for land costs and costs for construction of such real estate projects. The implementation of the Real Estate Act is still ongoing, including by various states in India, and we cannot assure you that the real estate sector in the states in India in which we do business will not be impacted by any further rules or regulations announced by the Government of India or such state Governments.

12. Our corporate lending business, particularly the real estate loan portfolio, is significantly dependent on our operations in the Mumbai Metropolitan Region, and any adverse changes in the conditions affecting these markets can adversely impact our business, financial condition and results of operations.

Our corporate lending business, particularly the real estate loan portfolio, is significantly dependent on the performance of the Mumbai Metropolitan Region ("MMR").

In the event of a regional slowdown in the economic activity in MMR or factors such as a slowdown in sectors such as real estate, we may experience more pronounced effects on our financial condition and results of operations. While we have expanded our operations to other states such as Tamil Nadu, Madhya Pradesh, Karnataka, Rajasthan, our business, financial condition and results of operations have been and will continue to be largely dependent on the performance of, and the prevailing conditions affecting, the economy in MMR. Therefore, any significant social, political or economic disruption, or natural calamities or civil disruptions in this MMR, or changes in the policies in this region could affect our business operations, require us to incur additional expenditure and/or change our business strategies.

13. Our indebtedness has increased significantly over the years and we are subject to certain conditions and restrictions in terms of our financing arrangements, which restrict our ability to conduct our business and operations in the manner we desire.

Our Total Borrowings have increased significantly over the years. Our level of indebtedness has important consequences to us, such as:

- increasing our vulnerability to general adverse economic, industry and competitive conditions;
- limiting our flexibility in planning for, or reacting to, changes in our business and the industry;
- affecting our credit rating;
- limiting our ability to obtain additional financing in the future at competitive terms;
- affecting our capital adequacy requirements; and
- increasing our interest expenditure.

Most of our financing arrangements are secured by our movable and immovable assets. Certain of our financing agreements also include certain conditions and covenants requiring us to maintain stipulated financial ratios and obtain consents from lenders prior to carrying out certain activities and entering into certain transactions.

Any future failure to satisfactorily comply with any condition or covenant under our financing agreements (including technical defaults) or inability to repay our loans as and when due, may lead to a termination of one or more of our credit facilities, acceleration of amounts due under such facilities, and enforcement of events of default as well as cross-defaults under certain of our other financing agreements, any of which may individually or in aggregate, have an adverse effect on our operations, financial position and credit rating. In the event our business suffers or our customers are not able to repay their borrowings, we may be unable to meet our repayment obligations under our financing arrangements. Further, if the lenders of a material amount of the outstanding loans declare an event of default simultaneously, our Company may be unable to pay its debts when they fall due.

14. We may require additional financing for our business operations and the failure to obtain additional financing on terms commercially acceptable to us may adversely affect our ability to grow and our future profitability.

We may require additional capital for our business operations. The actual amount and timing of our future capital requirements may differ from estimates as a result of, among other things, unforeseen delays or cost overruns in developing our products, changes in business plans due to prevailing economic conditions, unanticipated expenses and regulatory changes, including any changes to RBI's monetary policies which are applicable to us. To the extent our planned expenditure requirements exceed our available resources; we will be required to seek additional debt or equity financing. Additional debt financing could increase our interest costs and require us to comply with additional restrictive covenants in our financing agreements. Additional equity financing could dilute our earnings per Equity Share and your interest in our Company, and could adversely impact the trading price of our Equity Shares.

Our ability to obtain additional financing on favourable terms, if at all, will depend on a number of factors, including our future financial condition, results of operations and cash flows, the amount and terms of our existing indebtedness, security, our track record of compliance of the covenants

contained in our financial agreements, general market conditions and market conditions for financing activities and the economic, political and other conditions.

We cannot assure you that we will be able to raise additional financing on acceptable terms in a timely manner or at all. Our failure to renew arrangements for existing funding or to obtain additional financing on acceptable terms and in a timely manner could adversely impact our ability to incur capital expenditure, our business, results of operations and financial condition.

15. Any downgrade in our credit ratings could increase borrowing costs and adversely affect our access to capital and lending markets and could also affect our interest margins, business, results of operations and financial condition.

The cost and availability of debt capital depends in part on our short-term and long-term credit ratings.

Credit ratings reflect the opinions of ratings agencies on our financial strength, operating performance, strategic position and ability to meet our obligations. Certain factors that influence our credit ratings may be outside of our control. Our long-term debt is presently rated CARE AA-Stable and CARE PP-MLD AA-; Stable (market linked debentures); and IND AA-/Stable, respectively, by each of CARE Ratings Limited and India Ratings and Research Private Limited, which reflects the credit worthiness of our Company and also increases the confidence of the lender. CARE Ratings Limited, ICRA Limited and CRISIL Limited has each rated our commercial paper debt as CARE A1+, ICRA A1+ and CRISIL A1+, respectively, which is the highest rating for short-term debt instruments.

Any downgrade in our credit ratings could increase borrowing costs and adversely affect our access to capital and debt markets, which could in turn adversely affect our interest margins, our business and results of operations and cash flows. In addition, any downgrade in our credit ratings could increase the probability that our lenders impose additional terms and conditions to any financing or refinancing arrangements we enter into in the future. Further, any downgrade in our credit ratings may also trigger an event of default or acceleration of certain of our current or future borrowings.

16. As an NBFC, non-compliance with the RBI's observations made during its periodic inspections could expose us to penalties and restrictions.

As an NBFC, we are subject to periodic inspection by the RBI under section 45N of the Reserve Bank of India Act, 1934 (the "RBI Act"), pursuant to which the RBI inspects our books of accounts and other records for the purpose of verifying the correctness or completeness of any statement, information or particulars furnished to the RBI. In the event we are unable to resolve the deficiencies raised during inspection to the RBI's satisfaction, we may be restricted in our ability to conduct our business as we currently do. While we seek to comply with all regulatory provisions applicable to us, in the event we are unable to comply with the observations made by the RBI, we could be subject to penalties and restrictions which may be imposed by the RBI. Imposition of any penalty or adverse findings by the RBI during the ongoing or any future inspections may have an adverse effect on our business, results of operations, financial condition and reputation.

17. The regulatory requirement to maintain a stipulated capital adequacy ratio could restrict our future business growth.

As a systemically important non-deposit taking NBFC, our Company is required to maintain a capital adequacy ratio of at least 15.0% of our aggregate risk-weighted assets of our balance sheet (on-balance sheet and of risk adjusted value of off balance sheet items) on an ongoing basis.

If we continue to grow our Total Credit Exposure and asset base, we will be required to raise additional capital in order to continue to meet applicable capital adequacy ratios with respect to our business. There can be no assurance that we will be able to raise adequate additional capital in the future on terms favorable to us or at all, which could result in non-compliance with applicable capital adequacy ratios and may adversely affect the growth of our business.

18. Our risk management measures may not be fully effective in mitigating our risks in all market environments or against all types of risks, which may adversely affect our business and financial performance.

We are exposed to a variety of risks, including liquidity risk, interest rate risk, credit risk, operational risk and legal risk. The effectiveness of our risk management is limited by the quality and timeliness of available data. Our risk management techniques may not be fully effective in mitigating our risks in all market environments or against all types of risk, including risks that are unidentified or unanticipated. Some methods of managing risks are based upon observed historical market behavior. As a result, these methods may not predict future risk exposures, which could be greater than the historical measures indicated.

Other risk management methods depend upon an evaluation of information regarding markets, customers or other matters. This information may not in all cases be accurate, complete, current, or properly evaluated. Management of operational, legal or regulatory risk requires, among other things, policies and procedures to properly record and verify a number of transactions and events.

Although we have established policies and procedures, they may not be fully effective. Our future success will depend, in part, on our ability to respond to new technological advances and evolving NBFCs, standards and practices in the sectors we cater to, on a cost-effective and timely basis. The development and implementation of standards and practices entails significant technical and business risks. There can be no assurance that we will successfully implement new technologies or adapt our transaction-processing systems to customer requirements or evolving market standards.

19. Any failure, inadequacy and security breach in our information technology systems may adversely affect our business.

Our operations depend on our ability to process a large number of transactions on a daily basis across our network of offices, most of which are connected through computer systems and servers to our head office. Our expansion plans will require us to invest more in IT which may prove to be unsuccessful. Our financial, accounting, underwriting or other data processing systems may fail to

operate adequately or become disabled as a result of events that are beyond our control, including a disruption of electrical or communications services. Our ability to operate and remain competitive will depend in part on our ability to maintain and upgrade our information technology systems on a timely and cost-effective basis. The information available to and received by our management through our existing systems may not be timely and sufficient to manage risks or to plan for and respond to changes in market conditions and other developments in our operations. We may experience difficulties in upgrading, developing and expanding our systems quickly enough to accommodate our growing customer base and range of products. Our operations also rely on the secure processing, storage and transmission of confidential and other information in our computer systems and networks. Our computer systems, servers, software, including software licensed from vendors and networks may be vulnerable to unauthorized access, computer viruses or other malicious code and other events that could compromise data integrity and security and result in identity theft including customer data, customer KYC documents (including identity proofs, income and tax statements and bank account details), employee data and propriety business data, for which we could potentially be liable. Any failure to effectively maintain or improve or upgrade our management information systems in a timely manner could adversely affect our competitiveness, financial position and results of operations. Moreover, if any of these systems do not operate properly or are disabled or if there are other shortcomings or failures in our internal processes or systems, it could affect our operations or result in financial loss, disruption of our businesses, regulatory intervention or damage to our reputation. In addition, our ability to conduct business may be adversely impacted by a disruption in the supporting infrastructure.

20. We may be exposed to potential losses due to a decline in value of assets secured in our favor, and due to delays in the enforcement of such security upon default by our borrowers.

Our Total Credit Exposure, is secured by a mix of movable and immovable assets or other forms of collateral, depending on the nature of the loans. The value of certain types of collaterals may decline due to inherent operational risks, the nature of the asset secured in our favor and adverse market and economic conditions (both global and domestic). For example, the value of the vehicle, is subject to depreciation, deterioration, and/or a reduction in value on account of a number of factors (such as wear and tear), over the course of time. Consequently, the realizable value of the collateral for the loan provided by us, when liquidated, may be lower than the outstanding loan from such customers. Any default in repayment of the outstanding credit obligations by our customers may expose us to losses. Furthermore, in the case of a default, we typically repossess the commercial vehicles financed and sell such vehicles through auctions. The hypothecated vehicles, being movable property, may be difficult to locate or seize in the event of any default by our customers.

In the event of default by our customers, there can be no assurance that we will be able to sell our collateral including property, machinery, stock or vehicles provided as security at all or at prices sufficient to cover the amounts under borrower defaults, or that we would be able to invoke other securities, such as personal guarantees, due to among other things, unforeseen delays in our ability to take immediate action, winding up and foreclosure proceedings, defects in title, defects in perfection of the collateral or documentation relevant to the assets, stock market downturns,

fraudulent transfers by our customers, difficulty in locating movable assets and the necessity of obtaining regulatory approvals and/or court orders for the enforcement of our collateral over those assets. Further, certain ownership documents of the immovable properties that are mortgaged to us may not be duly registered or adequately stamped. Failure to adequately stamp and register a document may render the document inadmissible in evidence. Consequently, should any default arise in relation to the corresponding loans, we may be unable to, or may incur additional expenses to, enforce our rights in relation to such mortgaged properties. Further, if any of our borrowers take recourse of arbitration or litigation against our repayment claims, it may cause a further delay in our recovery process leading to depreciation of the secured asset. A failure or delay in recovering the expected value from sale of collateral could expose us to a potential loss. Any such losses could adversely affect our business prospects, financial condition and results of operations. As a result, if our customers default, we may receive less money from liquidating collateral than is owed under the relevant financing facility, and, in turn, incur losses, even where we successfully repossess and liquidate the collateral, thereby adversely affecting our business, future financial performance and results of operations.

In addition, we may face additional delay and expense in conducting an auction to sell the collateral and may face significant delay in repossessing collateral, as litigation against defaulting customers, even if governed by an arbitration clause, can be slow and expensive in India. In the event a specialized regulatory agency gains jurisdiction over the borrower, creditor actions can be further delayed. In the event of any inability or delay in the repossession and liquidation of the collateral securing loans in default, we may incur losses, which could adversely affect our results of operations and financial condition

21. We may face asset-liability mismatches, which could affect our liquidity and consequently may adversely affect our operations and profitability.

We face potential liquidity risks because our assets and liabilities mature over different periods. As is typical for NBFCs, we meet a portion of our funding requirements through short-term funding sources, such as by issuing commercial papers, short-term loans from banks and non-convertible debentures. The majority of our Total Credit Exposure, however, mature over the medium term. Consequently, our inability to obtain additional credit facilities or renew our existing credit facilities in a timely and cost-effective manner or at all may lead to mismatches between our assets and liabilities, which in turn may adversely affect our operations and profitability.

22. A small portion of our collections from customers is in cash, exposing us to certain operational risks.

A small portion of our collections from our customers is in cash and such cash collections expose us to the risk of theft, fraud, misappropriation or unauthorized transactions by employees responsible for dealing with such cash collections. These risks are exacerbated by the high levels of responsibility we delegate to our employees and the geographically dispersed nature of our network.

As we grow our retail presence, the cash collections are likely to increase. While we have taken insurance policies, including coverage for cash in safes and in transit, and undertaken measures to detect and prevent unauthorized transactions, fraud or misappropriation, this may not be sufficient to prevent or deter such activities in all cases, which may adversely affect our operations and profitability. Further, we may be subject to regulatory or other proceedings in connection with any unauthorized transactions, fraud or misappropriation by our representatives and employees, which could adversely affect our goodwill. We may also be party to criminal proceedings and civil litigation related to our cash collections.

23. We require certain statutory and regulatory approvals for conducting our business and our inability to obtain, retain or renew them in a timely manner, or at all, may adversely affect our operations.

We require certain statutory and regulatory approvals for conducting our business and may also need additional approvals from regulators in connection with other fee-based products to our customers. We are also required to comply with the prescribed requirements including exposure limits, classification of NPAs, KYC requirements and other internal control mechanisms. We also obtain licenses and approvals to operate our various lines of business and in the future, we will be required to maintain such permits and approvals and obtain new permits and approvals for any proposed expansion strategy or diversification into additional business lines or new financial products. We may not be able to obtain such approval in a timely manner or at all.

In addition, our various offices are required to be registered under the relevant shops and establishments laws of the states and also require a trade license in municipal limits of certain states. The shops and establishment laws regulate various employment conditions, including working hours, holidays and leave and overtime compensation. Certain approvals may have lapsed in their normal course and our Company has either made an application to the appropriate authorities for renewal of such registration or is in the process of making such applications. A court, arbitration panel or regulatory authority may in the future find that we have not complied with applicable legal or regulatory requirements. We may also be subject to lawsuits or arbitration claims by customers, employees or other third parties in the different state jurisdictions in India in which we conduct our business. If we fail to obtain or retain any of these approvals or licenses, or renewals thereof, in a timely manner or at all, our business may be adversely affected. If we fail to comply, or a regulator claims we have not complied, with any of these conditions, our certificate of registration may be suspended or cancelled and we shall not be able to carry on such activities. We may also incur substantial costs related to litigation if we are subject to significant regulatory action, which may adversely affect our business, future financial performance and results of operations.

24. All of our offices and branches are located in leased premises and non-renewal of lease agreements or their renewal on terms unfavorable to us could adversely affect our operations.

As of March 31, 2018, all of our offices (including our Registered and Corporate Office) and branches are located in leased premises. Further, as we expand our branch network in line with our growth strategy, we expect the number of leased branches to increase significantly as all of our new

branches are expected to open on leased premises. If any of the owners of these premises do not renew the agreements under which we occupy the premises, or if they seek to renew such agreements on terms and conditions unfavorable to us, or if they terminate the agreement we may suffer a disruption in our operations or increased costs, or both, which may adversely affect our business and results of operations. All or any of the leases may not be renewed on similar terms or at all, or we may be evicted from all or a number of these premises and be required to pay damages to the landlord. This may adversely impact our business and financial condition.

25. We have in the past entered into related party transactions and may continue to do so in the future, which may potentially involve conflicts of interest with the equity shareholders.

We have entered into various transactions with related parties, including for payment of salaries and wages of key managerial personnel. While we believe that all such transactions have been conducted on an arm's length basis and contain commercially reasonable terms, we cannot assure you that we could not have achieved more favorable terms had such transactions been entered into with unrelated parties. It is likely that we may enter into related party transactions in the future. Although all related party transactions that we may enter into post-listing, will be subject to board or shareholder approval, as necessary under the Companies Act, 2013, as amended and the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, we cannot assure you that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not have achieved more favorable terms if such transactions had not been entered into with related parties.

26. Any non-compliance with mandatory Anti-Money Laundering and Know Your Customer policies could expose us to additional liability and harm our business and reputation.

In accordance with the requirements applicable to us, we are mandated to comply with anti-money laundering ("AML") and know your client ("KYC") regulations in India. These laws and regulations require us, among other things, to adopt and enforce AML and KYC policies and procedures. While we have adopted policies and procedures aimed at collecting and maintaining all AML and KYC related information from our customers in order to detect and prevent the use of our banking networks for illegal money-laundering activities, there may be instances where we may be used by other parties in attempts to engage in money-laundering and other illegal or improper activities.

In addition, a number of jurisdictions (including India) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA. Pursuant to these provisions, as part of our KYC processes, we are required to collect and report certain information regarding US persons having accounts with us.

There can be no assurance that we will be able to fully control instances of any potential or attempted violation by other parties and may accordingly be subject to regulatory actions, including imposition of fines and other penalties by the relevant government agencies to whom we report including the Financial Intelligence Unit - India. Our business and reputation could suffer if any such

parties use or attempt to use us for money-laundering or illegal or improper purposes and such attempts are not detected or reported to the appropriate authorities in compliance with applicable regulatory requirements.

27. We are exposed to significant market risk that could impair the value of our investment portfolio and adversely affect our business, results of operations and financial condition.

Changes in prevailing interest rates could affect our investment returns, which in turn could affect our investment income, results of operations and prospects. While falling interest rates could result in an increase in the mark-to-market value of our debt portfolio, they also subject us to reinvestment risk, which could result in the portfolio yields falling. Accordingly, declining interest rates could have an adverse effect on our investment income, results of operations, financial condition, cash flows and prospects. On the other hand, an increase in interest rates could also adversely affect our profitability. Even though an increase in interest rates could result in an increase in investment returns on our newly added fixed income assets, it could also result in a reduction in the value of our existing fixed income assets reducing the mark-to-market value of such instruments. Interest rates are highly sensitive to inflation and other factors including, government monetary and tax policies, domestic and international economic and political considerations, regulatory requirements and other factors beyond our control. Any adverse effect on the factors affecting equity markets in India could affect our investment returns, which in turn could affect our results of operations, financial condition, cash flows and prospects.

28. Credit risks related to our investments, loans and advances may expose us to significant losses.

We are exposed to credit risks in relation to our investments. The value of our debt portfolio could be affected by changes in the credit rating of the issuer of the securities as well as by changes in credit spreads in the bond markets. In addition, issuers of the debt securities that we own may default on principal and interest payments. We cannot assure you that we are able to identify and mitigate credit risks successfully. As a result, a probable downgrade in the credit rating of the debt securities owned by us may lead to a reduction in value of our debt portfolio, and have an adverse effect on our financial condition, results of operations and prospects. We also have investments in unsecured debt instruments which may carry an interest rate lower than the market rate.

Further, the counterparties in our investments, including issuers of securities we hold, counterparties of any derivative transactions that we may enter into, banks that hold our deposits and debtors, may default on their obligations to us due to bankruptcy, lack of liquidity, economic downturns, operational failure, fraud or other reasons. We are also subject to the risk that our rights against these counterparties may not be enforceable in all circumstances. In addition, we provide loan and advances to parties, including related parties. If such parties delay or default in repaying such loans and advances, we may incur significant losses.

29. The trading in our NCDs may be limited or sporadic, which may affect our ability to raise debt financing in future.

Our NCDs are listed on the Whole Sale Debt Market segment of the BSE. Trading in our NCDs has been limited and we cannot assure you that the NCDs will be frequently traded on the BSE or that there would be any market for the NCDs. Further, we cannot predict if and to what extent a secondary market may develop for the NCDs or at what price the NCDs will trade in the secondary market or whether such market will be liquid or illiquid.

EXTERNAL RISKS

Risks Relating to India

30. Our business is affected by prevailing economic, political and other prevailing conditions in India and the markets we currently serve.

Our Company is incorporated in India, and all of our assets and employees are located in India. As a result, we are dependent on prevailing economic conditions in India and our results of operations are affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- any increase in Indian interest rates or inflation;
- any exchange rate fluctuations;
- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing of our developments and expansions;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies, like application of GST;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters;
- infectious disease outbreaks or other serious public health concerns;
- prevailing regional or global economic conditions, including in India's principal export markets; and
- other significant regulatory or economic developments in or affecting India or its financial services sectors.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely impact our business, results of operations and financial condition and the price of the Equity Shares. Our performance and the growth of our business depend on the performance of the Indian economy and the economies of the regional markets we currently serve. These economies could be adversely affected by various factors, such as political and regulatory changes including adverse changes in liberalization policies, social disturbances, religious or communal tensions, terrorist attacks and other acts of violence or war, natural calamities, interest rates, commodity and energy prices and various other factors. Any slowdown in these economies could adversely affect the ability of our customers to afford our services, which in turn would adversely impact our business and financial performance and the price of the Equity Shares.

31. Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which may be material to investor's assessments of our financial condition.

Our Company has prepared its annual financial statements under Indian GAAP. Our Company is required to prepare financial statements under Indian Accounting Standards ("Ind-AS") with effect from April 1, 2018 as required under Section 133 of the Companies Act 2013 read with Circular SEBI/HO/CFD/DIL/CIR/P/2016/47 dated March 31, 2016. We have not attempted to quantify the impact of US GAAP, Ind-AS or IFRS on the financial data included in this Prospectus, nor do we provide a reconciliation of our financial statements to those of US GAAP, Ind-AS or IFRS. US GAAP, Ind-AS and IFRS differ in significant respects from Indian GAAP since we understand that early adoption of Ind AS for NBFCs is not permitted by RBI. Accordingly, the degree to which the Indian GAAP financial statements, which are restated as per SEBI ICDR Regulations included in this Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Prospectus should accordingly be limited. We urge you to consult your own advisors regarding such differences and their impact on our financial data.

32. Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business, prospects and results of operations.

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax ("GST") regime with effect from July 1, 2017 that combines multiple taxes and levies by the Central and State Governments into a unified tax structure.

Further, the Union Budget presented in the Indian Parliament on February 1, 2018, introduced a number of amendments to the existing direct and indirect tax regime which includes the withdrawal of long term capital gains exemptions on equity shares, long term capital gains applicability in the hands of Foreign Institutional Investors and applicability of dividend distribution tax for certain transactions with shareholders, among others. Prospective investors should consult their own tax advisors in relation to the consequences of investing in the Equity Shares.

Unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment laws governing our business, operations and group structure could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

B. ASSUMPTIONS

The initial subscriber by subscribing to and any subsequent purchaser by purchasing the NCDs shall be deemed to have agreed that and accordingly the Company shall be entitled to presume that each of the initial subscribers and any subsequent purchasers:

1. has reviewed the terms and conditions applicable to the NCDs as contained in the Shelf Disclosure Document and the relevant Addendum and has understood the same, and, on an independent assessment thereof, found the same acceptable for the investment and has also reviewed the risk disclosures contained herein and has understood the risks, and determined that NCDs are a suitable investment and that the Debenture Holder can bear the economic risk of that investment;

NOTES TO SUMMARY TERM SHEET

NOTE 1: COUPON ON NCDS

The Debentures shall carry a Coupon at the rate mentioned in the relevant Addendum to this Shelf Disclosure Document. The Coupon payable on any Coupon Payment Date will be paid to the Debenture Holder(s) whose names appear in the list of Beneficial Owners given by the Depository to the Company as on the Record Date.

Other than the Deemed Date of Allotment and Coupon Payment Date, should any of the other date(s) fall on a Saturday, Sunday and/or on a Public Holiday/s in the city of Mumbai and Delhi, the preceding Business Day shall be considered as the effective Business Day.

Should the Deemed Date of Allotment or any Coupon Payment Date fall on a Saturday, Sunday and/or on a Public Holiday/s in the city of Mumbai and Delhi, the immediately succeeding Business Day shall be considered as the effective Business Day.

In case the Deemed Date of Allotment is revised (advanced/ postponed) then the Coupon Payment Date may also be revised advanced/ postponed) accordingly by the Company at its sole & absolute discretion

NOTE 2: ZERO COUPON NCDS

Zero coupon NCDs shall carry an implicit yield at the rate mentioned in the respective Addendum to this Shelf Disclosure Document based on which discount at which the NCDs are to be issued or the redemption premium payable by the Company at maturity shall be calculated.

NOTE 3: INTEREST ON APPLICATION MONEY

Interest on application money will be paid to investors at the Interest Rate / implicit yield from the date of realization of subscription money up to one day prior to the Deemed Date of Allotment. This clause will not be applicable where the Deemed Date of Allotment is the same as the Issue Closing Date and Pay-in-Date.

NOTE 4: REDEMPTION

Unless previously redeemed or purchased and cancelled, the NCDs of each tranches shall be redeemed at such price, at the expiry of the tenor and / or at the exercise of put / call option, if any, as mentioned in the relevant Addendum to this Shelf Disclosure Document.

NOTE 5: PAYMENT ON REDEMPTION

The Company shall compute the redemption proceeds to be paid to the Debenture Holder(s) of each tranche based on the relevant Addendum to this Shelf Disclosure Document. The Company's liability to the Debenture Holders of any tranche in respect of all their rights including for payment or otherwise shall cease and stand extinguished after maturity of that Tranche, in all events save and except for the Debenture Holder's right of redemption. Upon dispatching the payment instrument towards payment of the redemption amount in respect of the NCDs of any tranche, the liability of the Company in respect of such tranche shall stand extinguished. On such payment being made, the Issuer will inform the Depository and the accounts of the Debenture Holders will be adjusted accordingly.

NOTE 6: DEEMED DATE OF ALLOTMENT

The Deemed Date of Allotment for each tranche will be mentioned in the respective Addendum issued in respect of such tranche. The actual allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits, including coupon payment, relating to the Debentures will be available to the investors from the Deemed Date of Allotment. The Company reserves the right to keep multiple allotment date(s)/ deemed date(s) of allotment at its sole and absolute discretion without any prior notice and shall have a right to allot the Debentures in tranches which shall form the part of this Issue. In case if the Issue Closing Date is changed (advanced/ postponed), the Deemed Date of Allotment may also be changed (advanced/ postponed) by the Company at its sole and absolute discretion.

NOTE 7: UNDERWRITING

The present Issue of Debentures is on private placement basis and has not been underwritten.

NOTE 8: SECURITY

Secured NCDs issued under this Shelf Disclosure Document shall be secured through first pari-passu charge (along with banks & financial institutions which provide credit facilities to the Issuer) by way of hypothecation of standard asset portfolio of receivables of the Issuer or such other property as may be identified by the Company and set out in the relevant Addendum to this Shelf Disclosure Document. The security cover of the NCDs shall be as specified in the relevant Addendum to this Shelf Disclosure Document

The actual form, mode and method of security creation shall be decided in consultation with the Debenture Trustees.

The Company shall be entitled to replace / substitute any of the Moveable Property provided as Security in terms of the Addendum to this Shelf Disclosure Document of the respective tranche with other Moveable Property. The Company shall for such replacement issue a letter to the Debenture Trustee describing both the original Moveable Property being replaced and the Moveable Property with which such original Moveable Property is being replaced, which letter shall be duly acknowledged by the Debenture Trustee ("**Replacement Security Letter**"). The Company shall not be entitled to replace the immovable property, if any, comprising part of the Security. The Debenture Holders upon subscription to the Debentures shall be deemed to have authorized the Debenture Trustee to execute such documents as may be required by the Debenture Trustee to give effect to such replacement / substitution by acknowledging the Replacement Security Letter, without providing notice to or obtaining consent from the Debenture Holders, so long as the Company has not defaulted in relation to any payment due and the Auditor of the Company / independent chartered accountant confirms to the Debenture Trustee in writing that the Security Cover for the NCDs of a particular Tranche as stipulated in the Addendum to this Shelf Disclosure Document for that tranche shall be maintained post such replacement.

Further, in the event that the Moveable Property provided as Security by the Company is of a value greater than the Security Cover stipulated in the Addendum for that tranche, the Company shall be entitled to require the Debenture Trustee to release the excess Moveable Property and the same shall cease to form part of the Security on such release. The Company shall, for such release, issue a letter to the Debenture Trustee describing the Moveable Property to be released and the Debenture Trustee shall release the same by duly acknowledging the letter so addressed by the Company. The Debenture Holders upon subscription to the Debentures shall be deemed to have authorized the Debenture Trustee to give effect to such release without providing notice to or obtaining consent from the Debenture Holders, so long as the Company has not defaulted in relation to any payment due and the Auditor of the Company / independent chartered accountant confirms to the Debenture Trustee in writing that the Security Cover for the NCDs of a particular Tranche as stipulated in the Addendum for that tranche shall be maintained post such release.

The Company may provide or cause to be provided (without being obliged to) such further security (including over immovable property) for securing its obligations in respect of the Debentures or any Tranche(s) thereof as may be decided by the Company after obtaining the consent of the Debenture Trustee ("**Further Security Option**").

If the Company in exercise of the Further Security Option has provided or caused to be provided security over immoveable property, the Company (or an affiliate which has created the mortgage over the immoveable property) shall be entitled to offer the immoveable property which is part of the Security in terms of the Debenture Trust Deed as security for any other borrowing of the Company or any of its affiliates (including borrowings raised by issue of debentures) on a pari passu charge basis, as the Company (or an affiliate which has created the mortgage over the immoveable property) may deem fit with the prior written consent from the Debenture Trustee and after following the procedure as stated in the Debenture Trust Deed. The Debenture Holders upon subscription to the Debentures shall be deemed to have consented to the creation of such additional security over the immoveable property, without providing notice to or obtaining consent from the Debenture Holders, so long as the Company has not defaulted in relation to any payment due in respect of Debentures and the Auditor of the Company/ independent chartered accountant confirms to the Debenture Trustee in writing that the Security Cover for the NCDs including further borrowings shall be maintained post such borrowings.

The Security will be created by the Company in favor of the Debenture Trustees on such of the assets for which the Company obtains, the requisite consents and permissions applicable under law or in accordance with conditions of holding of such assets for creating the above mentioned charge.

The Debenture Trustee shall provide consent to create pari-passu charge in future in favour of such other Lender(s) as may be requested by the Company, subject to the maintaining of the security cover. Prior consent of the Debenture Holder will not be required for the same.

Subject to the compliance to the Act, the Issuer shall create the said security in favour of the Trustees within 3 months from the closure of the issue of the first Debentures issued under this Shelf Disclosure Document. In case of delay in execution of Trust Deed and Charge documents, the Company will pay penal interest of 2% p.a. over the Coupon Rate for the delayed period till these conditions are complied with, at the option of the investor.

NOTE 9: ISSUE OF DEBENTURES IN DEMATERIALIZED FORM

The Issuer has made depository arrangements with NSDL and CDSL for issue of the Debentures in dematerialised form. The Investors holding the Debentures in dematerialised form will have to hold and deal with the same as per the provisions of the Depositories Act, 1996, the regulations made thereunder and the rules, regulations and bye-laws of NSDL or CDSL, as the case may be.

The Applicants are requested to mention their depository participant's name (along with the relevant identification details) and beneficiary account number in the appropriate place in the Application Form. The Issuer will take necessary steps to credit the depository account of the allottee(s) with the number of Debentures allotted. The initial credit in the depository account will be akin to the Letter of Allotment. On the completion of all statutory formalities, such credit will be substituted with the number of Debentures allotted to each Debenture Holder.

NOTE 10: MODE OF TRANSFER

Transfer of Debentures in dematerialized form would be in accordance with the Depositories Act, 1996, the regulations made thereunder and the rules, regulations and byelaws of NSDL or CDSL as the case may be. The Debenture issued under this Shelf Disclosure Document shall be transferable freely amongst the class of Investors who are eligible to apply.

The Debenture(s) shall be transferred and/ or transmitted in accordance with the applicable provisions of the Act and the Articles of Association of the Company. The provisions relating to the transfer and transmission and other related matters in respect of shares of the Issuer contained in the Articles of Association and the Act shall apply, mutatis mutandis (to the extent applicable to debentures) to the Debentures as well. The Debentures held in dematerialised form shall be transferred subject to and in accordance with the rules/ procedures as prescribed by NSDL/ CDSL/ DP of the transferor/ transferee and any other applicable laws and rules notified in respect thereof. Transfer of Debentures to and from NRIs/ other non-resident entities in case they seek to hold the Debentures and are eligible to do so, will be governed by then prevailing guidelines of the RBI. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, Coupon will be paid/ redemption will be made to the person, whose name appears in the Register of Debenture Holders/ record of the Depository on the record date. In such cases, claims, if any, by the transferee(s) would need to be settled with the transferor(s) and not with the Issuer.

The normal procedure followed for transfer of securities held in dematerialized form shall be followed for transfer of Debentures held in dematerialised form.

NOTE 11: TAX DEDUCTION AT SOURCE

Tax as applicable under the Income Tax Act, 1961, or any other statutory modification or re-enactment thereof will be deducted at source for which a certificate will be issued by the Company.

As per the provisions of the Income Tax Act, 1961, with effect from June 1, 2008, no tax is deductible at source from the amount of interest payable on any listed dematerialised security, held by a person resident in India. Since the NCDs shall be issued in dematerialised mode and shall be listed on the WDM segment of BSE, no tax will be deductible at source at the time of payment/credit of interest/implicit yield on NCDs held by any person resident in India. In the event of rematerialisation of the NCDs, or where the NCDs are held by person resident outside India or there is a change in the applicable law governing the taxation of the NCDs, the following provisions shall apply:

- a. Where the Company is required to make a tax deduction, the Company shall make the tax deduction as required under the applicable law and the Company shall make a payment of such taxes deducted into the Indian Government Treasury as required under the applicable law;
- b. The Company shall issue a Form No 16A (or any other similar evidence of taxes deducted) in the format and within the timeline as prescribed under the applicable law.

Interest on Application Money shall be subject to TDS at the rates prevailing from time to time under the provisions of the Income Tax Act, 1961 or any other statutory modification or re-enactment thereof for which a certificate will be issued by the Company. For seeking TDS exemption / lower rate of TDS, relevant certificate / document must be lodged by the Debenture Holder(s) at the Registered Office of the Company atleast 15 days before the interest payment becoming due. Tax exemption certificate / declaration of non-deduction of tax at source on interest on application money should be submitted along with the application form.

For detailed tax implications of the investment in NCDs, investors should get in touch with their tax consultant. Prospective investors are urged to consult their own tax advisors with respect to their own tax situations and the tax consequences in respect of their investments.

NOTE 12: RIGHT TO ACCEPT OR REJECT APPLICATIONS

The Issuer is entitled at its sole and absolute discretion, to accept or reject any application, in part or in full, without assigning any reason whatsoever.

NOTE 13: POWER OF COMPANY TO EXERCISE RIGHT TO RE-PURCHASE, RE-SELL AND/ OR RE-ISSUE THE DEBENTURES

The Issuer shall have the power, exercisable at its sole and absolute discretion from time to time, to re-purchase, a part or all of its Debentures from the secondary market or otherwise, at any time prior to the maturity, subject to applicable Law (including the Act) and in accordance with the prevailing guidelines/ regulations issued by the RBI, the SEBI and other authorities. In the event of a part or all of its Debentures being re-purchased as aforesaid or redeemed under any circumstances whatsoever, the Company shall have, and shall be deemed always to have had, the power to reissue the Debentures either by reissuing the same Debentures or by issuing other debentures in their place. Further, in respect of such re-purchased/ re-deemed Debentures, the Issuer shall have the power, exercisable either for a part or all of those Debentures, to cancel, keep alive, appoint nominee(s) to hold or reissue at such price and on such terms and conditions as it may deem fit and as permitted by Law.

Details of instruments/facilities in Annexure-1

Rating Rationale

The rating factors in IndoStar Capital Finance Ltd.'s (ICF's) strong institutional sponsors as well as their capital, operational and management support. The rating further takes into account the company's experienced management, good risk management processes and its efforts to diversify by entering into newer segments. The rating also factors in strong capitalization levels as well as comfortable gearing, healthy financial performance and comfortable asset quality parameters & liquidity position. The rating further takes into account moderate track record of operations, client concentration risk and limited exposure to real estate segment which is relatively riskier asset class. Continued sponsor support, profitability, business diversification, client concentration and asset quality are its key rating sensitivities. Further its ability to scale its operations in the newer segment and stabilize is key rating sensitivity.

Background

IndoStar Capital Finance Ltd. (ICF) is registered with the Reserve Bank of India (RBI) as a systemically important non-deposit taking NBFC. It was originally incorporated as R. V. Vyapar Pvt. Ltd. on July 21, 2009 and the company was renamed as 'IndoStar Capital Finance Pvt. Ltd.' on November 15, 2010. The company however started disbursements from Q1FY12 (refers to the period April 01 to June 30). The company was converted into a public limited company on May 28, 2014 and consequently its name was changed to 'IndoStar Capital Finance Limited. ICF had been established by global financial institutions including Goldman Sachs, Ashmore group PLC, Everstone Capital, Baer Capital Partners and ACP Investments with the objective of developing an independent wholesale lending institution in India.

During FY15, Ashmore Group PLC exited ICF with its stake being acquired by Everstone and ACP Investments. The promoters hold their stake in ICF through IndoStar Capital, Mauritius which holds 90.74% stake in the company as on 31.03.2017. ICF is engaged mainly into wholesale lending with products ranging from corporate finance, developer financing, working capital financing, acquisition financing & loan against shares. The company has recently also started SME- loans against property (LAP), wherein Small and Medium Enterprises would be given business loans against security of the property. The company plans to start CV financing going forward, it is in the process of put in place the team and infrastructure for the same. ICF's loan portfolio and tangible networth stood at Rs.5,145 crore and Rs.1,882 crore respectively as on March 31, 2017. Previously the company was under the management of Mr Vimal Bhandhari. In his place, Mr Shridhar has joined as a CEO who was associated with Shriram Group since 1985 and served as Managing Director & CEO of STFC from 2000-2012.

Analytical approach: Standalone

Key Rating Strengths

Strong Institutional sponsors

ICF had been established by global financial institutions and the promoters hold their stake in ICF through IndoStar Capital, Mauritius which holds 90.74% stake as on March 31, 2017 in the company. IndoStar Capital, Mauritius is held by Everstone (49.4%), ACP Investments (16.4%), Goldman Sachs (18.8%), Baer Capital (10.8%) and CDIB Investment (4.7%). ICF's credit profile derives comfort from management and financial support of sponsor investors at regular intervals.

Experienced Management

ICF has management with rich experience in the financial sector. The Board of Directors and management team at all levels have been drawn from leading players in the financial services space. Previously the company was under the management of Mr Vimal Bhandhari. In his place, Mr R. Sridhar has joined as an Executive Vice-Chairman and CEO who was associated with Shriram Group since 1985 and served as Managing Director & CEO of Shriram Transport Finance Company.

Strong solvency parameters and comfortable liquidity position

The company continues to maintain robust capitalization levels supported by regular equity infusions by sponsors. During FY17, a set of investors infused equity capital of Rs.150 crore in the company. As on 31st March, 2017, ICF's CAR stood at 33.74% [P.Y.: 34.15%] while Tier I CAR stood at 33.37% [P.Y.: 33.77%]. As on March 31, 2017, the liquidity profile of ICF stood comfortable post inclusion of undrawn bank lines. Further, as per company's prudent liquidity policy, ICF maintains cash/ cash equivalents and unutilized lines of credit to the tune of 15% of networth. The company has unutilised bank lines of Rs.504 crore as on Dec, 2017 to meet any liquidity requirements.

Well defined risk management processes & secured lending

ICF draws experience from its global investors for creating its risk management framework. It has well-defined credit criteria for sanction of loan including assessing track record & borrowing capacity of borrower, credit history of borrower, quality of collaterals.

Robust profitability parameters

During FY17, the company reported 12.0% y-o-y growth in total income vis a vis 21.50% growth in the previous year which was primarily on account of deceleration in portfolio growth owing to subdued economic factors. The company's Net Interest Margins (NIMs) stood stable at 6.30% in FY17 (P.Y.: 6.35%). Cost to income ratio of the company increased to 17.57% during FY17 as against 16.03% during FY16 due to company's foray in SME financing and the resultant rise in branch and manpower expenses. The company has 6 operational branches as on March 31, 2017 majorly catering to SME financing business. Higher operating expenses and low portfolio growth has impacted profitability parameters of the company in FY17. The company reported PAT of Rs.209 crore in FY17 as against PAT of Rs.191 crore

in FY16 registering a growth of 9 % y-o-y. Return on Total Assets (RoTA) for the company stood at 4.11% in FY17 as against 4.41% in FY16. Although, ROTA for the company has reduced during FY17, it still continues to remain robust.

Comfortable Asset quality

During FY17, total GNPA and NNPA stood at Rs72.73 crores and Rs.61.95 crore, respectively. As on March 31, 2017, GNPA and NNPA stood at 1.41% [P.Y.: 0.23%] and 1.21% [P.Y.: 0.19%] while net NPA to networth stood at 3.29% [P.Y.: 0.52%]. As on 31st Dec, 2017, GNPA and NNPA ratio stood at 1.72% and 1.37% respectively. Although the Net NPA has increased, it continues to remain comfortable.

Key Rating Weaknesses

Moderate track record and portfolio seasoning

ICF has a moderate operating track record as it started its wholesale lending operations in April 2011 and SME financing in March 2015. Though a significant portion of its wholesale portfolio has witnessed churn (given the average tenure of the portfolio at around 5.66 years) and its SME financing portfolio is growing. The company also recently entered into CV Financing, primarily venturing into used commercial vehicles in the Southern parts of India as the new Executive Vice Chairman and CEO Mr. R. Shridhar has extensive experience in CV financing and was associated with Shriram Group since 1985 and served as Managing Director & CEO of Shriram Transport Finance Company. Going forward, the company's ability to maintain asset quality in newer products while expanding business operations is a key monitorable.

High customer concentration risk

Given the bulky nature of its lending operations (around 89.13% of ICF's portfolio is wholesale in nature as on March 31, 2017), ICF is exposed to concentration risk. On the wholesale lending front, top 10 exposures as on March 31, 2017 constituted 37.6% of total portfolio (P.Y.: 32.4%) and 102.9% of tangible networth (P.Y.: 90.4%). The Company SME portfolio constitute 22.69% of total loan portfolio as on 31 December 2017 and recently entered CV financing will reduced concentration risk going forward.

Exposure to real estate segment

ICF continues to have high exposure to relatively riskier real estate developer funding segment. The company's real estate portfolio continued to be on higher side and constituted 38% of total portfolio outstanding as on March 31, 2017 (P.Y.: 40%).

Prospects

Due to subdued economic environment, last few years have been challenging period for the NBFCs with moderation in growth and rising delinquencies resulting in higher provisioning thereby impacting profitability. However, comfortable capitalization levels and liquidity management continue to provide comfort to the credit profile of NBFCs in spite of impact on profitability. Also with the improvement in economic environment, asset quality pressures should ease which will partially offset the impact of migration towards 90 day NPA recognition norm.

Detailed Rationale & Key Rating Drivers

The rating factors in IndoStar Capital Finance Ltd.'s (ICF's) strong institutional sponsors as well as their capital, operational and management support. The rating further takes into account the company's experienced management, good risk management processes and its efforts to diversify by entering in to newer segments. The rating also factors in strong capitalization levels as well as comfortable gearing, healthy financial performance and comfortable asset quality parameters & liquidity position. The rating further takes into account moderate track record of operations, client concentration risk and limited exposure to real estate segment which is relatively riskier asset class. Continued sponsor support, profitability, business diversification, client concentration and asset quality are its key rating sensitivities. Further its ability to scale its operations in the newer segment and stabilize is key rating sensitivity.

Detailed description of the key rating drivers

Key Rating Strengths

Strong Institutional sponsors

ICF had been established by global financial institutions and the promoters hold their stake in ICF through IndoStar Capital, Mauritius which holds 90.74% stake as on March 31, 2017 in the company. IndoStar Capital, Mauritius is held by Everstone (49.4%), ACP Investments (16.4%), Goldman Sachs (18.8%), Baer Capital (10.8%) and CDIB Investment (4.7%). ICF's credit profile derives comfort from management and financial support of sponsor investors at regular intervals.

Experienced Management

ICF has management with rich experience in the financial sector. The Board of Directors and management team at all levels have been drawn from leading players in the financial services space. Previously the company was under the management of Mr Vimal Bhandhari who has now joined the Board as a Non-Executive Director. In his place, Mr R. Sridhar has joined as an Executive Vice-Chairman and CEO who was associated with Shriram Group since 1985 and served as Managing Director & CEO of Shriram Transport Finance Company.

Strong solvency parameters and comfortable liquidity position

The company continues to maintain robust capitalization levels supported by regular equity infusions by sponsors. During FY17, a set of investors infused equity capital of Rs.150 crore in the company. As on 31st March, 2017, ICF's CAR stood at 33.74% [P.Y.: 34.15%] while Tier I CAR stood at 33.37% [P.Y.: 33.77%]. As on March 31, 2017, the liquidity profile of ICF stood comfortable post inclusion of undrawn bank lines. Further, as per company's prudent liquidity policy, ICF maintains cash/ cash equivalents and unutilized lines of credit to the tune of 15% of networth. The company has unutilised bank lines of Rs.504 crore as on Dec, 2017 to meet any liquidity requirements.

Well defined risk management processes & secured lending

ICF draws experience from its global investors for creating its risk management framework. It has well-defined credit criteria for sanction of loan including assessing track record & borrowing capacity of borrower, credit history of borrower, quality of collaterals.

Robust profitability parameters

During FY17, the company reported 12.0% y-o-y growth in total income vis a vis 21.50% growth in the previous year which was primarily on account of deceleration in portfolio growth owing to subdued economic factors. The company's Net Interest Margins (NIMs) stood stable at 6.30% in FY17 (P.Y.: 6.35%). Cost to income ratio of the company increased to 17.57% during FY17 as against 16.03% during FY16 due to company's foray in SME financing and the resultant rise in branch and manpower expenses. The company has 6 operational branches as on March 31, 2017 majorly catering to SME financing business. Higher operating expenses and low portfolio growth has impacted profitability parameters of the company in FY17. The company reported PAT of Rs.209 crore in FY17 as against PAT of Rs.191 crore in FY16 registering a growth of 9 % y-o-y. Return on Total Assets (RoTA) for the company stood at 4.11% in FY17 as against 4.41% in FY16. Although, ROTA for the company has reduced during FY17, it still continues to remain robust.

Comfortable Asset quality

During FY17, total GNPA and NNPA stood at Rs72.73 crores and Rs.61.95 crore, respectively. As on March 31, 2017, GNPA and NNPA stood at 1.41% [P.Y.: 0.23%] and 1.21% [P.Y.: 0.19%] while net NPA to

networth stood at 3.29% (P.Y.: 0.52%). As on 31st Dec, 2017, GNPA and NNPA ratio stood at 1.72% and 1.37% respectively. Although the Net NPA has increased, it continues to remain comfortable.

Key Rating Weaknesses

Moderate track record and portfolio seasoning

ICF has a moderate operating track record as it started its wholesale lending operations in April 2011 and SME financing in March 2015. Though a significant portion of its wholesale portfolio has witnessed churn (given the average tenure of the portfolio at around 5.66 years) and its SME financing portfolio is growing. The company also recently entered into CV Financing, primarily venturing into used commercial vehicles in the Southern parts of India as the new Executive Vice Chairman and CEO Mr. R. Shridhar has extensive experience in CV financing and was associated with Shriram Group since 1985 and served as Managing Director & CEO of Shriram Transport Finance Company. Going forward, the company's ability to maintain asset quality in newer products while expanding business operations is a key monitorable.

High customer concentration risk

Given the bulky nature of its lending operations (around 89.13% of ICF's portfolio is wholesale in nature as on March 31, 2017), ICF is exposed to concentration risk. On the wholesale lending front, top 10 exposures as on March 31, 2017 constituted 37.6% of total portfolio (P.Y.: 32.4%) and 102.9% of tangible networth (P.Y.: 90.4%). The Company SME portfolio constitute 22.69% of total loan portfolio as on 31 December 2017 and recently entered CV financing will reduced concentration risk going forward.

Exposure to real estate segment

ICF continues to have high exposure to relatively riskier real estate developer funding segment. The company's real estate portfolio continued to be on higher side and constituted 38% of total portfolio outstanding as on March 31, 2017 (P.Y.: 40%).

Dear Sir,

Re: Ratings of IndoStar Capital Finance Limited (IndoStar)

India Ratings (see definition below) communicates the following rating of IndoStar:-

INR 30bn Long Term debt programme: 'IND AA-/Stable'

The company has outstanding INR4.85bn of non-convertible debenture and INR3.75bn of long term bank loans out of the above rated amount. The details of the loans are given in Annexure

In issuing and maintaining its ratings, India Ratings relies on factual information it receives from issuers and underwriters and from other sources India Ratings believes to be credible. India Ratings conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction.

The manner of India Ratings' factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors.

Users of India Ratings' ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

India Ratings seeks to continuously improve its ratings criteria and methodologies, and periodically updates the descriptions on its website of its criteria and methodologies for securities of a given type. The criteria and methodology used to determine a rating action are those in effect at the time the rating action is taken, which for public ratings is the date of the related rating action commentary. INDEPENDENT AUDITOR'S REPORT

To the Members of IndoStar Capital Finance Limited

Report on the Financial Statements

We have audited the accompanying standalone financial statements of IndoStar Capital Finance Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2018, its profit, and its cash flows for the year ended on that date.

Re: IndoStar Capital Finance Limited (the Company)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets were physically verified by the management in the previous year in accordance with a planned programme of verifying them once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification
- (c) According to the information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment are held in the name of the company.
- (ii) The Company's business does not involve inventories and, accordingly, the requirements under paragraph 3(ii) of the Order are not applicable to the Company.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act 2013 in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the company.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) To the best of our knowledge and as explained, the Company is not in the business of sale of any goods. Therefore, in our opinion, the provisions of clause 3(vi) of the Order are not applicable to the Company.
- (vii)(a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, service tax, goods and service tax, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities. The provisions relating to sales-tax, duty of custom, duty of excise, value added tax are not applicable to the Company.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, goods and service tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable. The provisions relating to sales-tax, duty of customs, duty of excise and value added tax are not applicable to the Company.
- (c) According to the information and explanations given to us, there are no dues of income tax, service tax, goods and service tax, customs duty, and cess which have not been deposited on account of any dispute. The provisions relating to sales-tax, duty of custom, duty of excise, value added tax are not applicable to the Company.

**ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE
STANDALONE FINANCIAL STATEMENTS OF INDOSTAR CAPITAL FINANCE LIMITED**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the
Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of IndoStar Capital Finance Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of

S.R. BATLIBOI & CO. LLP

records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
